SUMMARY

1. For collective and individual "mis-purposes," as part of this "Sinister Spectrum," "Sinister Psychologists" and other imposters within the most sinister layers within Utah, dozens of the most corrupt states and around the globe mal-reciprocate a collective, ever worsening "spiral of doom" comprised of six, primary, ongoing, mis-cycles that have been proliferated for more than 40 years.

2. These six mis-cycles include:

   2.1. —Hiding/Hijacking—

   2.2. —Antagonizing/Exploiting—

   2.3. —Provoking A Response/Allowing The Response—

   2.4. —Blaming/Shaming—

   2.5. —Attacking/Annihilating—

   2.6. —Eliminating/Erasing—

   2.7. Each of the six mis-cycles are broken, revolving wheels made of the twisting spokes of dozens of other mal-reciprocating "twistings of doom" spinning out-of-control towards different collective and individual targets at different times.

2.8. This is why "any" and "all" of the mis-cycles can be ongoing from any number of imposters towards any number of unknowing victims at any time in "visible" or "invisible" ways.

2.9. It is more constructively conducive to refer to the six primary mis-cycles by using the simplified, six letter acronym of "H-A-Y-B-A-Y" (pronounced "haybay") rather than just another "jumbled sounding acronym" derived from those six spiraling mis-cycles that would be something like "H.H.A.E.PAR.ATR.B.S.A.A.E.E."

2.10. By deceptively mis-using "haybay," "Sinister Psychologists" have proliferated the spiraling atrocities of "fatal human trafficking" of American children and parents through hundreds of these local "mis-judicaries" as the mis-methodology to destroy the U.S.A. one family, one home and one neighborhood at a time.

2.11. Some of the stages of this fatal "human trafficking" include "mis-monetizing," "forcibly displacing" and "eliminating" untold millions of targeted, victimized and hidden American children.

2.12. After the children have been forcibly displaced into the beginning stages of the atrocities and the eliminating of parents one-by-one in other collective, individual, simultaneous and separate ways is also

underway, the majority of the children then become lost to seven layers of "child trafficking."

2.13. § These seven layers include:

2.14. #1- Testing and Research—

2.14.1. Reports indicate that forcibly displaced American children are part of unmonitored medical experimentation in the U.S. and beyond while they are in the unmonitored mis-forms of "guardianship" or "foster care." Sometimes, this involves infecting them with "test viruses" to conduct "drug trials" that are ultimately fatal.

2.14.2. That the reproductive "DNA" components of physically mature, forcibly displaced children are being harvested and mis-used for immoral, anti-human experiments mis-disguised as "In Vitro Research" and other "research" too often leading to a mockery straight off the hidden "Island of Dr. Moreau" and its "human disassembly" and "mis-hybrid re-assembly" lines in a mockery of The Creator.

They even joke about naming it "Kids For Cash." This resulted in 31 imposter Missouri judges silencing the case by "recusing" themselves from the case. This is

just one of many examples of how imposters silence “whistleblowing” cases filed against them.

This is just one example of these nation-destroying terrors happening in Utah and dozens of the most corrupt states.

[10] ABC15.COM: -This report from 2020 indicates there were 256 Children missing from "state custody" in Arizona. To minimize the numbers state’s claim the children "ran away" as if it’s the “children’s fault” they are “missing.” States were also not "required" to report children missing from foster care until 2014 even with all those "family" oriented legislative bills passed by deceptive bureaucrats in congress and beyond. 2.16. #3- Labor Trafficking— [15] [16]

2.17. #4- Ritualistic Abuse— [17] [18]

2.17.1. Reports indicate:

2.17.2. That this includes tortuous and fatal ongoing rituals including forcibly impregnating female victims for the purpose of taking the babies from the victim's womb to be mis-used in more mal-reciprocating "Ritualistic Abuse" or any of the six other layers.

2.17.3. That if an imposter in the most sinister layers of a local "mis-judiciary" is so deteriorated on the "Sinister Spectrum" in "anti-human" ways that they are willing to make an "oath" to

[15] NYU.EDU -This 2024 report by NYU indicates that institutions are beginning to see a glimpse into the realities of fatality-inducing child labor trafficking of forcibly displaced American children as part of child trafficking and that the numbers of American children are passing 40% (and will continue to surpass 50%.)

[16] DHS.GOV -Another example that while imposter layers within the "FBI" and other "federal agencies" will hide the imposter's nation-destroying atrocities of fatality-inducing child trafficking, imposter layers within "Homeland Security" will also make superficial videos and do the same.

the U.S. Constitution to be an "imposter" in that "role" then they willfully break that "oath" while also mis-using "the American flag" as "bait" and as other "mis-illusions" with their gavel in local "courthouses," on their "uniform" in local "police departments" or with their "pen" by mis-passing "The Bar Exam" and that imposter can "personally pick-up" and "relocate" any of these forcibly displaced American children at any time without question; and to keep it hidden that "imposter" can forge more "court documents" about where the child "went;" what is that "most-deteriorated-anti-human-imposter" sometimes having for dinner or mis-facilitating the harvesting of parts of in other ways?

2.18. #5- Cannibalism—Ibid.

2.19. #6- Million Dollar Life Insurance Scams—

2.19.1. Reports indicate that this includes distributing forcibly displaced American children and forging more paperwork to secure life insurance policies on them and then over a period of weeks, months or years intentionally "causing," "enabling" or otherwise "allowing" the agonizing, isolated and hidden deaths of the children. Forcibly displaced children who are severely

handicapped or who have become severely handicapped from "testing," "sex trafficking," "labor trafficking," "ritual abuse," "abuse," "neglect" etc. are specifically targeted and brokered.

2.20. #7- Affinity Trafficking—

2.20.1. "Designer Adoptions" targeting a certain "mixed race" or "race" of child for various superficial purposes as part of targeting and forcibly displacing American children to "fill a pending order" for "token purposes" in the U.S. or beyond.

3. This national crisis is not "remote" or "hypothetical." It is occuring nationwide; obscured by deliberately complex legal terminology and intentional mis-illusions of bureaucratic indifference designed to shield the most sinister layers of imposters from scrutiny and accountability.

4. The "Sinister Psychologists" and imposters collectively and individually depend on countless layers of institutional deceptions deceiving the American public in mal-reciprocating ways.

5. § Thirteen ongoing, mal-reciprocating "beginning layer" atrocities that Plaintiff has verified are happening in Utah and beyond and that Plaintiff as a targeted parent of two targeted and forcibly displaced daughters has publicly shared different, still ongoing stages of in countless ways over the past seven

years as the stages have been collectively and individually discovered include:

6. #1- The deceptive "credentialing" of local "judges," "attorneys," "psychologists," "police officers" and others at "local" and "local federal" offices in mal-reciprocating, hidden ways.

6.1. § This includes imposters mis-passing "The Bar Exam" and becoming "attorneys" in any "state" without passing "law school" or even passing "college" by surreptitiously taking "the bar exam" in any of *four* different states by simply making arrangements with another "attorney" to "vouch" for them without passing "law school" or even "college" and then passing "The Bar Exam" with a minimum grade of a "D."

6.2. The four "states" that layer upon layer of imposters have secretly allowed this to mis-happen for decades as alleged are "Washington," "California," "Vermont" and "Virginia." [19] [20] [21]

---

[19] JURISEDUCATION.COM- To deceptively become an "attorney" (or a judge) in any state, there are four states that secretly don't require "law school" the passing grade is a "d" and these four states are Washington, California, Vermont and Virginia.

[20] TESTPREPINSIGHT.COM- Out of a possible 400 points on "The Bar Exam," a score of "260 out of 400" is "65%" (a "D" letter grade) and is accepted as "Passing."

[21] YOUTUBE: "Did you know that four families have run California for over 80 years?" (Brown, Newsom, Pelosi, Getty) (2020)

7. § #2- Imposter "state actors" intentionally making "oaths" to the U.S. Constitution to be in that "imposter" role in local "courthouses," "police departments," "jails" and other "state sponsored offices" and then intentionally breaking that oath as part of the stages in committing these nation-destroying atrocities against American children and Parents. Thousands of these imposters are nation-destroying "judges." [22]

8. #3- Imposters intentionally mis-using the American flag as "bait" and for other "mis-illusions" as a *direct* stage in committing these nation-destroying atrocities against American children and Parents as alleged.

9. #4- Driving the complex mis-schemes is the vying by untold thousands of imposters in Utah and dozens of the most corrupt states to exploit billions of dollars from different subsidies offered by the good parts of the "federal government" every year. These once well-intending subsidies have been turned into treacherous twistings of crossed wires, never-ending mazes and sinister cells.

---

[22] REUTERS.COM- Thousands of judges remain on "the bench" after breaking laws and oaths (2020) (Reuters Methodology). If this seems incomprehensible, imagine if instead of just "one" billion dollar, split-loyalty imposter, NASDAQ chairman named Bernie Madoff there are many thousands of him; the worst of them have access to American flags, bombs and lots of bullets; they have no regard for the lives of millions of American children or parents in every American city and they are at war with each other to steal the most and keep it hidden and you'll begin to understand why "The American Judiciary" is the nation-destroying "Black Bubble."

10. This includes:

10.1. In 1980 when former state senator and former governor of Georgia, Jimmy Carter as President (Democrat) signed the straight forward "Adoption Assistance and Child Welfare Act" and was betrayed by layers of imposter "attorneys" and other self-serving bureaucrats on both sides of the aisle stretching far beyond his four year term as President. Betrayals that the former 8-year U.S. military submarine veteran, peanut farmer and Civil Rights advocate never could have imagined in even his worst nightmares;

10.2. In 1984 when Republican President Ronald Reagan somehow mis-allowed "private prisons" to be mis-created with the mistitled "Comprehensive Crime Control Act."

10.3. § In 1997 when Democrat President Bill Clinton as a modifier of Carter's 1980 act seventeen years before, mis-allowed layers upon layers of a counterintuitive subsidy under "Social Security" to be mistitled the "Title IV-E Adoption and Safe Families Act."

10.4. 27 years and millions of eliminated American children and parents later in 2024, that 1997 modifier by President Clinton being mis-appropriated out of $5.8 billion dollars of

mis-created-funny-money every year by the different layers of imposters in Utah and dozens of the most corrupt states;

10.5. Perhaps only time will reveal whether these two Presidents previously acted in good faith or were influenced by the swooning sounds of external forces to enact such significant legislation, only to allow its exploitation through unchecked means.

10.6. Other verified atrocities in more recent years include the Democrat Biden/Harris/Garland/Fauci "Operation Northstar" in 2020-2024 being like dumping gas on these nation-destroying fires by incentivizing corrupt layers of local "police departments" and local offices of "The U.S. Marshals" to light as many fires as possible and then let them burn.

10.7. Atrocities that Biden as a former "attorney;" Harris as a multiplicitous former "City Prosecutor," "District Attorney" and "Attorney General;" Garland as split-loyalty "Director" of the "DOJ" and Fauci as split-loyalty "Director" of the NIAID during "covid" were absolutely "aware of" and commissively and omissively allowing for collective and individual reasons of their own as alleged.

10.8. [23] [24] [25] [26] [27]

10.9. [28] [29]

10.10. (Because the differences in "a million" and "a billion" have been blurred in "paid media," "bribed media," "social media," "demographically targeted social media" and otherwise, it is beneficial here to provide a metaphorical example of the difference between "a million" and "a billion:"

To keep stacking to “a billion dollars” it would take the person a total of about 31 years+ 8 months. That stack would be 68 miles high.)

11. #5- Mal-reciprocating layers of “part-time” or “full-time” “state legislatures” in Utah and dozens of the most corrupt states boiling over with constantly rotating “puppet” mis-members who were “appointed” rather than “elected” and who railroad the most deceptive bills through while other counterintuitively “elected” mis-members cheer them on.

11.1. In the 2025 legislative session for Utah’s “part-time” legislature of 104 members, taking place from January 21,2025 - March 7, 2025 there was a deceptive mount of “legislative bills” hidden within the larger mound of 949 bills containing untold thousands of lines of “Utah Code” to be comprehensively “reviewed,” “reconciled” and “passed” in those “45 days.” An openly irresponsible attack targeting Utah’s 3.3 million residents that even if the “task” was “well-intending” instead of an “attack” it would still be irresponsible

to assign to even the brightest of minds. Within a matter of days of beginning, some of the 104 can't even speak (or cheer) clearly and by the last 10 days, most couldn't tell you what their own names are without pausing for a moment to ask the flag waving, college age intern assigned to them. This is intentional and there are many dark reasons for this. [30] [31]

11.2. § A detailed report prepared by Plaintiff identifying 12 of these intentionally insidious, nation-destroying bills from this most sinister mound proliferated by the most sinister layers of imposters as alleged, can be reviewed in the attached 14 page draft of "Plaintiff's Affidavit of 12 Utah Legislative Bills 2025 Part 1" (with links to each bill and footnotes expanding daily) as alleged. The affidavit was generated by Plaintiff attending different "legislative committee meetings" nearly every day of the 45-day 2025 "Utah Legislative Session" and speaking as a member of the public during intentionally elusive, sometimes allowed periods of "Public Comment Time" during what ended up being more than a dozen occasions.

[30] YOUTUBE (KUTV2 UTAH)- "Utah's 2025 Legislative Session Nears End After More Than 900 Bills in 45 Days." (March 2025) (Repost Of Link)

[31] ABC4.COM- 582 LEGISLATIVE BILLS PASSED -This is another mis-informed, mis-leading "recap" hiding the most insidious bills of the 949 bills irresponsibly "attempted" during the 45-day session. (March 2025) (Repost Of Link)

11.3. Of those elusive, allowed periods of "Public Comment Time" over those 45-days it was never guaranteed beforehand if "Public Speaking Time" would be allowed regarding a "legislative bill" or for how long if so. If a "member of the public" had diligently prepared a 2 minute presentation believing there would be 2 minutes allocated to share it and then traveled to the "Utah State Capitol" in person to do so, that 2 minutes might be cut down to 90 seconds just moments before by a mis-member of the "Utah State Legislature" for a variety of "reasons" or the meeting would be conducted by an overwhelmed "chairperson" or "co-chairperson" who would give no instructions regarding "public comment time" and after 2 minutes would suddenly begin interrupting the member of the public then cutting them off a few seconds later. Some members of the public had spent hours fearlessly navigating the debilitating pitfalls of viscerally gashing topics and then traveling more hours just for those "two minutes" to present only to be immediately confronted by a handful of eye-ball-spiraling, head-spinning, out-of-body "mis-members" of the 104 with plenty of empty chairs sitting behind name tags of a handful others among the 104. Those placed in those chairs to "cheer" having forgotten within the first few days all about "cheering" and others who's interns were

understandably more concerned with the mountains of “digital ping-pong” disguised as “new-found-rapid-fire-love” rather than the mounds of “mis-recycled-rapid-fire-legislation” avalanching the last gasps of breathable air out of the sometimes windowless rooms with still hours to go and many members of the public to cut off and ignore. When it did happen for Plaintiff for any length of time, Plaintiff always asked if there were any questions—but was always ignored or cut off and no questions were ever asked of Plaintiff by any of the mis-members of any legislative commitee. This happening in those rooms that for some reason “members of the public” are not told that they can attend “in person” and instead they are told that they can “participate online.” To learn that they actually can attend the legislative committee meetings “in person,” a member of the public has to go to the “Utah State Capitol” and see what “committee meetings” are actually happening in that moment and where in spite of what is “published” on the deceptively ever-changing calendar.

12.1. One "private association" with "local," "national" and "global" mis-reach that has mal-reciprocating layers in Utah and 19 other states as well as Australia, the U.K. and other countries is deceptively and superficially known as "The Association of Family and Conciliation Courts" (AFCC.) It was founded in California in the 1960's but is currently headquartered in Madison, Wisconsin.

[44] AFCCNET.ORG: ENEWS -Peter Salem rewrote the lyrics of Al Stephen's 1976 song "Year of the Cat" and replaced them with concerning self-serving lyrics titled "The Judge In The Hat" to share at an AFCC Conference. The lyrics include the phrase: "For the children, it is truly A great chance to, find what's on the other side." Search "Year of the Cat" within document for links to lyrics and performance. (June 2019) With these undeniable truths, now it is a "great chance" for Peter Salem and the AFCC's 6,000 mis-members "to find out what's on the other side" as determined by necessary, patriotic, federal response.

[45] YOUTUBE- A noticeably intoxicated "Association of Family and Conciliation Courts" Utah Chapter President Todd Wetsel who lives in California refuses to accept from Plaintiff Jarman a report of "child trafficking" atrocities being committed by "AFCC members" in Utah and North Carolina, then walks away. (September 2024)

12.7. In a concerning newsletter from 1997, the same year President Clinton mis-allowed "The Adoption and Safe Families Act," First Lady Hillary Rodham Clinton met with "AFCC" leaders at the Second World Congress where she was Honorary Second Chair and authored an article for the AFCC's newsletter titled "Taking It Over." [46]

12.8. While imposter layers of the "FBI" publish a statistic that "199,000" American children are left to the fatal stages of "child sex trafficking" every year and that 175,000 of them begin in forms of "foster care" or "guardianship," the untold thousands of people getting paid as "staff" of the "FBI," "CIA," "Homeland Security," "U.S. Marshals," "U.S. Attorney's Offices," etc. have yet to respond to Plaintiff's reports that the majority of these children were "mis-monetized" and "forcibly displaced" into those mis-forms of "foster care" and "guardianship" by the "Sinister Psychologists" secretly behind the nation-destroying "AFCC" as alleged. [47]

12.9. These layers of “private associations" that have stealthily seized unseen dominion over local “courthouses" provide additional layers of “cover” for the imposters. Their influence creeps in like a dark shadow through the corridors of once-noble buildings, where justice itself has been silently suffocated. So that fearless federal freedom fighters can take action to rescue untold millions of American children and parents as well as protecting all Americans by reducing the opportunities for other atrocities to happen as these truths continue to come to light, as part of the necessary stages of solutions to these nation-destroying atrocities, Plaintiff’s reports over the past year have further outlined why the “AFCC” should be immediately deemed by the President of the United States as a “Domestic Terrorist Organization” and it’s 6,000+ mis-members given 72 hours to turn themselves in to their nearest National Guard Base for questioning, documentation and holding as an option to be pursued by the fearless federal freedom fighters. However, commissive action was not taken by the previous administration and commissive action has yet to be taken by Defendant as alleged.

13. § #7- In Utah, as part of further stealing from and exploiting billion dollar subsidies offered by the good parts of the “federal government,” about 10

years ago, imposter layers in Utah and beyond collectively and deceptively mis-created 10 "appointed roles" as "judges" and mis-disguised these roles as "commissioners" to "mis-monetize" and "forcibly displace" American children behind closed doors and without the public's knowledge or involvement.

13.1. The mis-creation of these 10 deceptive "commissioner" roles disguised as "judges" while 71 other, "judge" roles across Utah's "8 districts" operate *with* a degree of "public involvement."

13.2. Today, these "10" deceptive "commissioner" roles are filled by 1 male and 9 females and all are "Ex Oficio" mis-members of the domestically terrorizing "Utah Mis-Chapter" of the "AFCC."

13.3. These 10 imposter commissioners not being the only "fake" offices mis-created in Utah as part of these fatality-inducing "human trafficking through local courthouses" atrocities as the majority of these imposter "commissioners" have "past connections" to trifectas of other mal-reciprocating, deceptive, and even hidden "offices" that are mis-integral to the atrocities being committed and kept hidden as alleged.

13.4. As part of the stages of necessary solutions, Plaintiff's reports have also demanded a "federal presence" in Utah to temporarily replace

with transparent solutions the imposter "State of Utah's" mis-government from the "Office of the Governor" down and including these "10" insidious imposter "judge" roles however no commissive action was taken by the previous administration and as President, Defendant has yet to take commissive action as alleged.

14. § #8- Targeting Wall Street and mis-using tech in other deceptive ways ("there's an app for that.")

14.1. For more than the past 10 years, the mis-members of the "AFCC" and other imposters in similar "roles" that they bring into their atrocities have also been mis-using local "mis-judiciaries" to target the U.S.A.'s "Wall Street" to steal hundreds of millions of dollars more in a deceptive "IPO" by forcing almost one million targeted parents to pay-for an inferior, deceptive "app" controlled by the AFCC. (One million parents paying $240 a year for an "app" is $240 million dollars a year/$20 million each month.) Since 2020 the "AFCC" has been colluding with a deceptive billion dollar Wall Street firm named "Spectrum Equity" to do this. Additional reports sent by Plaintiff in December 2024 and January 2025 to the "United States Securities and Exchange Commission" continue to go ignored.

14.2. [48] [49]

14.3. In other stages, the most sinister layers of imposters are also using that "app" to secretly track targeted parent's locations to target them with fatality-inducing "swatting" and in other fatality-inducing ways known as "gangstalking."

14.3.1. The term "swatting" originated from imposter's in local "mis-judiciaries" or others manipulating with "incredulous," "urgent" and "escalating" false reports about a targeted person, layers of local "law enforcement" such as "The S.W.A.T Team," with the intentions that "The S.W.A.T Team" will be "sent"—or other "mis-chains-of-events" will happen—and in the confusion, fatality inducing bullets will be fired in the targeted person's direction before "more sober," "less-trigger-happy," "less-triggered" minds can prevail. A "S.W.A.T. Team" may also be comprised of "police officers in training to be S.W.A.T.,"or "U.S. Marshals," "FBI,"

[48] DOCHUB.COM -Plaintiff Jarman's December 13, 2024 "Report #1," sent to the United States Securities and Exchange Commission.

[49] DOCHUB.COM -Plaintiff Jarman's January 28, 2025 "Report #2" follow up sent to the United States Securities and Exchange Commission. (Both reports #1 and #2 also shared with X.COM @DOGE_SSA on 3/17/25 VIA LINKTREE.COM/TUSDOKING).

"Homeland Security," "CIA," "DEA," "ATF" along for the ride for a variety of reasons or mis-reasons etc. as needed. When "non-law-enforcement" imposters in local "mis-judiciaries" and beyond are mis-used in ongoing haybaying ways as part of colloquially "swatting" or otherwise "exploiting, blaming and eliminating" a target, it is often referred to as "gangstalking" instead of "swatting."

14.4. In other stages the most sinister layers of imposters mis-use other tech. This includes tracking certain "hashtags" that victims use in social media then submitting "false reports" to the social media network's bot-driven algorithms about the accounts using those "hashtags." The bots then "remove the post" then not long after remove the account. In this way the imposters are "shadow banning" and silencing untold numbers of targeted, blamed and to-be-eliminated victims from moment-to-moment in this fatality-inducing way.

15. § #9- In Utah, as part of stealing from and exploiting billion dollar subsidies offered by the good parts of the "federal government" as alleged, the domestically terrorizing "AFCC," through a hidden office in Utah that is managed by the local mis-chapter of the "AFCC," maintains a list of

thousands of Utah children's names. In 2023 that list was teeming with 12,533 names on it.

15.1. The majority of those names of all ages of children from the "State of Utah," being there for "one" or "all" of three mal-reciprocating, nation-destroying atrocities:

15.1.1. #1- "Mis-monetized" and "forcibly displaced;"

15.1.2. #2- "Missing" after being "mis-monetized" and "forcibly displaced" but going unreported as "missing;"

15.1.3. #3- The "name" being entirely "made up" or otherwise "faked" by the rotating cast of AFCC mis-members and other imposters. [50] [51]

15.2. § Because "oaths" to the U.S. Constitution are being intentionally "made" then violated by layer upon layer of imposters and because the American flag is being intentionally mis-used as part of other mis-illusions of these atrocities of "exploiting," "blaming" and "eliminating" American children and parents in the "State of Utah,"

[50] LE.UTAH.GOV - "Utah Office of Guardian Ad Litem and Casa Report" (2023), (Page 4 of unnumbered pages) search "12,533" within document. (Report discovered February 2024.)

[51] LE.UTAH.GOV -"Utah Office of Guardian Ad Litem and Casa Report (2016), (Page 4 of unnumbered pages,) search "14,706" within document. (Report discovered June 2025.)

Plaintiff politely and patiently invited a special team of the "ready and willing to go" 8,500 member "Utah National Guard" to look into all or part of the "list" of 12,533 Utah children's names to determine the victimology of the children and their parents one-by-one but the current staff of the "Office of the Governor" in Utah intervened in atrocious ways and prevented this from happening in any way by "The Utah National Guard" or anyone else.

15.2.1. It is likely that the current "Brigadier General" of the Utah National Guard has no idea that the "Office of the Governor" in Utah intervened. Plaintiff's cries being snuffed out by the jagged barbs, suffocating hooks, and dark strings of local haybaying imposters mis-posing as "self-supervised bureaucrats" and the ongoing unimaginable nightmares they and other imposters in Utah and beyond are so desperate to collectively and individually keep hidden as alleged.[52]

16. #10- The most sinister layers of imposters committing all manner of forgeries in local "courthouses," "police departments," "jails," and other ancillary "offices" whether they are "public," "private" or "hidden" as part of

[52] DOCHUB.COM- Link to copy of letter from "Utah National Guard" to Plaintiff Jarman (August 2024)

"Doctoring The Docket" for the imposters collective and individual nation-destroying purposes.

16.1. The forgeries include myriads of "adoption papers" and "guardianship papers" of "forcibly displaced" children of all ages; "custody orders;" "divorce settlements;" "accusations;" "protective orders;" "arrest warrants;" "affidavits of probable cause;" "victim's impact statements;" "forensic psychological evaluations;" "forensic accounting reports;" "conservatorships;" "credentials;" and more.

16.2. The impacts of these self-serving, nation-destroying forgeries *indirectly* victimizing millions more Americans in far-reaching ways going back decades and far beyond the untold millions of American children and parents *directly* "exploited," "blamed" and "eliminated."

16.3. The victimology of untold thousands of American children every year being hidden and further mis-tallied by the imposters forging any excuse they can to "mis-monetize" and "forcibly displace" the children; this then making it mal-reciprocatingly easier for the imposters to mis-create even more "fake names" for that previously mentioned list of 12,533 and keeping those ever-increasing "fake names" hidden among the "real names" as a mal-reciprocating way to steal even more as alleged.

17. #11- The imposters illicitly, collectively and individually siphoning off hundreds of millions of dollars more each year through a myriad of additional hidden atrocities and fatality-inducing mis-schemes intended to subject American parents to an "accidental death" through financial ruin and other social, familial, professional, emotional and physiologically induced atrocities including mis-stages of "inducing suicide." [53]

18. #12- Because untold thousands of hidden imposters are stealing the most they can and keeping it hidden, they are also "at war" with each other just like the public parts of the mafia were at war with each other for so many decades—the imposters using pens, gavels, badges, guns, locks and keys instead of concrete blocks and Israeli made uzi's.

18.1. These "at-war-with-each-other" layers clawing desperately to plunder the last dwindling scraps of integrity from the good parts of the "federal government" and to bleed-dry the hopes and resources of unsuspecting American parents.

18.2. The most sinister cell's deceptively "accepting reports" that are fearlessly prepared and filed by untold millions of victims but then

[53] QUILLETTE.COM: "DIVORCE AND THE SILVER BULLET" -"American men kill themselves almost 4 times more than women in regular circumstance. Fathers who have become ensnared in the divorce system kill themselves eight times more." "For every child who loses their mother to suicide during or after divorce, eight children lose a father." (April, 2019.)

those most sinister cells purposely not "running those reports up the flag pole" as they should and instead mis-using the "accepted reports" for their own mis-gains and with more "bribery" and "blackmail" against the other imposters the reports are about.

18.3. The most sinister cells of local imposters in "state legislatures" see to it that the most sinister cells in local "mis-judiciaries" are mis-enabled in these stages with the deceptive "legislative bills" they create as demonstrated and proven by Plaintiff in Plaintiff's Affidavit of 12 Utah Legislative Bills (Part 1).

19. #13- As alleged, the untold thousands of imposters have each intentionally made "oaths" to the U.S. Constitution and then intentionally broke those "oaths;" each imposter has also mis-used the "American flag" as "bait" and for other atrocious, nation-destroying "mis-illusions;" because of this each and all of the imposter's countless crimes committed collectively and individually every day from moment-to-moment are punishable at any moment "by execution" if determined by a "federal court" or punishable "by death" if determined by fearless federal freedom fighters acting on an order of the President of the United States of America in honor of his Presidential oath.

20. The imposters know this and this is part of why they will stop at nothing to keep their nation-destroying atrocities hidden.

21. This includes the most sinister layers on July 13, 2024 mis-attempting to orchestrate and execute Defendant as "a-red-white-and-blue-blooded-brass-balled-bad-ass-who-every-real-American-mother-would-be-proud-to-call-son" (other wise known at the time as an "Outsider-President-and-Returning-Outsider-Presidential-Candidate") who exuberantly aims to lead American's together at making America great again together for all. The most sinister layers of imposters mis-attempting to mis-facilitate this mis-guided atrocity and to keep it all hidden by mis-continuing their deceptive mis-paths of destroying transparent democracy in the U.S.A. as well as mis-using fatality-inducing mis-claims about "threats to democracy" to mis-orchestrate it and keep it all mis-hidden. [54]

[54] YOUTUBE -Video posted by Plaintiff Jarman on 9.2.24 titled "More of Republican Utah Governor's Concerning Behavior Towards Trump." Link starts at 6:17 of 10:03 and includes a deceptive "swap" of a Halligan Bar by two "law enforcement officers" in Butler, PA. Reports indicate that a "Halligan Bar" is a counterintuitive tool to have inside a building that was locked from the inside to other law enforcement officers on the outside unless people on the inside of the building were planning on deceptively mis-using the Halligan Bar to remove one type of window and replace that now removed window with a "mock" window that bullets could more easily be shot through then afterwards quickly replacing that "mock" window by using the Halligan Bar to take it out and place the original window back in.

22. This also includes the most sinister layers mis-orchestrating layers of "executions," "eliminations," or the "silencing" of other "outsider" political candidates who seek to expose the imposter's atrocities, while also striving to make America great again together for all. Plaintiff, also a whistleblower-turned-once-going-viral-candidate for Utah's 2024 gubernatorial election, experienced this silencing firsthand last year in the final hours of submitting signatures to be-on-the-ballot by being stalked, unlawfully detained, unlawfully arrested and held in jail until after closing time at the clerks office who would have received the signatures.

23. The "US legal services" industry is currently valued at about $400 billion dollars a year in economic impact to the U.S Economy and because these atrocities specifically involve at least 65% of that industry ($260 billion each year) in addition to untold billions of dollars more mal-reciprocating with mis-matriculating "law school" programs at universities across the country. Because of this— "unfolding within"—could also be referred to as, "The Bursting Black Bubble of 2025." Calling to memory the bursting "financial bubble" of 2008. [55]

[55] GLOBENEWSWIRE.COM- Legal services market share analysis (3/12/24)

24. This "unfolding within" could also be referred to as, "The War Within" calling to memory the "Civil War" of the 1860's when the "constitution hung by a thread" and President Abraham Lincoln was patriotically compelled to strategically authorize the unprecedented use of the fearless federal freedom fighters to conquer untold hundreds of thousands of nation-destroying imposters.

25. The "Presidential Oath" is: "I do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign *and domestic*; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter: So help me God."

26. On January 20, 2025 at 10:15 a.m. EST and with more than 34 million American children, parents and other citizens watching, Defendant made this oath as part of accepting the nomination and election to be President of the United States of America. [56]

27. Due to this and the thirteen "beginning layer," nation-destroying atrocities and more as alleged to be revealed within "STATEMENT OF FACTS" as part of this "AMENDED COMPLAINT FOR DAMAGES," Plaintiff as an

American Parent and an American citizen; Plaintiff's two daughters as American children who are still in their minority and who in spite of Plaintiff's survival and also *due-to* Plaintiff's survival, are still in the beginning mis-stages of these atrocities forcibly displaced, isolated and cut off from Plaintiff but reportedly still alive; as well as untold millions of other American children and parents, past and present similarly mis-situated in the different mis-stages of these atrocities; are collectively suffering immediate and irreparable-harm as well as exponential-irreparable-harm as this national crisis continues "unfolding within" and that continues to cause the suffering of Plaintiff in impossible-to-bear, but necessary-to-bear ways.

28. As required by law and to be set forth in this "AMENDED COMPLAINT FOR DAMAGES" in the *continued* absence of Defendant's unprecedented actions as President of the United States of America constituting "FAILURE TO ACT" per 18 U.S.C. § 242: "DEPRIVATION OF RIGHTS UNDER COLOR OF LAW" pursuant to 42 U.S.C. § 1983: "CIVIL ACTION FOR DEPRIVATION OF RIGHTS;" to end these atrocities in countless "mis-judiciaries" in the U.S.A. now and forever; defending the Constitution of the United States of America against these untold thousands of imposters who are collectively and individually "DOMESTIC TERRORISTS" and therefore "*enemies—domestic*;" for the continued violations of Plaintiff's

rights under the First, Fourth, Fifth, Eighth, Thirteenth and Fourteenth Amendments of the Constitution of the United States of America; Plaintiff, therefore as an American parent and as an American citizen now seeks compensatory damages in the form of $1 trillion dollars OR punitive damages in the form of Defendant being court ordered to take unprecedented action as President of the United States and should judgement be determined by the Court of Defendant's continued lack of unprecedented commissive actions and/or omissive actions in Defendant's role (i.e. "FAILURE TO ACT.")

29. Should Defendant initiate unprecedented commissive action during these proceedings or after prospective judgement is granted, "Rule 60" of "Federal Rules of Civil Procedure" shall apply. [57]

30. As this "truth goes marching on" forever ending domestic terrorism, organized crime and parasitic corruption in Utah, in the United States of America and beyond, Plaintiff asserts herein to the Commander in Chief that "being in the business" of ending these atrocities *has been Plaintiff's business for the past seven years* and "this" is now THE GREATEST AND MOST REWARDING OPPORTUNITY ANY AMERICAN PRESIDENT

59. For clarification for the benefit of the Court, Plaintiff's two American daughters are almost seven years apart in age and have different mothers.

59.1. 9 year-old female child who is Plaintiff's daughter and with Plaintiff as a "co-parent" was a resident of the State of Utah for 8 years but over the past year the location of the 9 year-old female child has been unknown to Plaintiff and all communication has been "cut off." This has been done by threat, force and other atrocities committed in violation of the Constitution of the United States of America engaged in by imposters in the local "mis-judiciary" otherwise known as "The State of Utah's Third District Court" (Non-Federal District.) The

child's vulnerable mother has been threatened by imposters who are members of the "private associations" colloquially known as "The Utah State Bar" and the "Utah Chapter of the AFCC" as well as by others who have also colonized layers of Utah's "Third District Court" and secretly seized control of it including "judges," "commissioners," "attorneys," "guardian ad litem attorneys," "private guardian ad litem attorneys," "psychologists" as well as "police officers," "detectives," "sergeants," "lieutenants," "chiefs," "internal affairs directors," "District Attorneys," members of the "State Legislature," "Attorney's General," "Governors" and others.

59.2. This targeting of Plaintiff for "ruin," "doom" and "death" by collective and individual imposters in different stages includes a deceptive "lawfare" scheme targeting innocent American children and Parents known as "The Silver Bullet."

59.3. The short-sighted, nation-destroying, mis-scheme colloquially known as "The Silver Bullet" is a mis-methodology based on "false allegations" designed to disorient and destabilize the targeted "mother" or "father."

59.3.1. When you hear a false allegation, it leaves you in a place of disbelief, questioning reality itself. That's exactly what the

"Silver Bullet" is intended to do.

59.4. "The Silver Bullet" is also referred to with other colloquial and theoretical nicknames including "Rambo Litigation" or "Reptile Litigation."

59.5. These "nicknames" have been mis-derived from "corporate law" where multi-million dollar law firms would retain loosely credentialed "attorneys" as part of "lawfare" to temporarily hinder with financial ruin and distraction the corporation's competition while patents and other IP were secured or fought over.

59.6. For more than 40-years, these short-sighted "corporate law tactics" engaged in by multi-million and multi-billion dollar corporations at the instigations of less-than-honest corporate law firms have been mis-intentionally bled into "Family Law" and in the mis-processes have objectified American children and parents as pawns of the imposters to be fatally-induced into atrocities as mis-illusions to mis-gain endless fortunes from the federal government and the parents. The most sinister layers of imposters in Utah and beyond depend on these atrocities being mis-used by untold thousands of imposters in different mis-stages as part of the mis-methodology to destroy the U.S.A. and control the world.

59.7. “The Silver Bullet” is deployed through instigated “fear mongering” of one parent into making “false allegations” against the *targeted parent* or an imposter independently making the “false allegations” against one or both parents to other colluding members of the local “mis-judiciary” during a hearing, or forging the “false allegations” in any other way including phone calls, texts and emails.

59.8. A fatality-inducing spiral within the fatality-inducing spirals of haybay, “The Silver Bullet” is mis-used among imposters in Utah and dozens of the most corrupt states to cause the “ruin,” “doom” and “death” of both parents “one-by-one” by deceptively determining which parent to target for elimination *first* by weaponizing the other parent in these ways to, in mal-reciprocating ways make it *easier* to eliminate the weaponized parent *second* as part of permanently eliminating each parent from the “presence” or “awareness” of the targeted American children as part of “targeting,” “mis-monetizing” and “forcibly displacing” the children into the “beginning layers” of the subsidy exploiting mis-schemes which eventually become those seven fatality-inducing stages of “child trafficking.”

59.9. A most deceptive, most insidious, counterintuitive “cover” indeed.

59.10. ([71] [72] [73] [74] [75])

59.11. Forgeries committed through local “courthouses” are also mis-used in the atrocities of “The Silver Bullet” and have been deployed against Plaintiff by these deceptive individuals of the same “private associations” mis-step-by-mis-step for their own mis-perceived collective and individual gain for more than seven years and have continued bringing “ruin,” “doom” and “death” to Plaintiff to keep it hidden.

59.12. Therefore, 9-year old child’s current location, born to Plaintiff as “father” and to child’s “mother” in the city of Murray, Utah, April 9, 2016, cannot be presumed to be in Utah at this time.

59.13. 15 year-old female child who is Plaintiff’s daughter who with Plaintiff as a “co-parent” was a resident of Utah until age 12 is believed to be

in North Carolina however through the same colluding, ongoing "atrocities" and "cover-ups" committed by mis-members of the AFCC in Utah as well as in North Carolina, child was suddenly and deceptively removed from Utah three years ago on December 6, 2021.

59.14. It is known that child has also been victimized by systemic "parental alienation" atrocities engaged in upon child by mis-members of the AFCC mis-chapter's in Utah as well as North Carolina for the imposter's atrocities of alienating child from Plaintiff and psychologically torturing the child to fatally induce the eventual "death" of the child as alleged.

59.15. Since December 6, 2021 and because of forgeries by mis-members of the AFCC mis-chapter in Utah and colluding members stopping at nothing to keep those forgeries hidden, there have also been no visits between child and Plaintiff allowed at home with Plaintiff in Utah and in mal-reciprocating ways in spite of Plaintiff's best efforts verbal communication was intentionally discouraged by AFCC members in North Carolina eventually being cut off completely for the past 8 months.

59.16. In the two years leading up to December 6, 2021, child's mother was also "fear mongered" by the same mis-members of the AFCC in Utah

and North Carolina.

59.17. Therefore, 15-year old child's current location, born to Plaintiff as "father" and to child's "mother" in the city of West Valley City, Utah, June 28, 2009, cannot be presumed to be in Utah, North Carolina or even the U.S.A. at this time.

60. Local lawsuits filed by Plaintiff in regards to these local atrocities in different stages as they have been discovered have also been silenced by mal-reciprocating mis-members and other imposters in layers of the local "mis-judiciary" not following their own "oaths," "ethics," "codes," "Rules of Professional Conduct," or "Rules of Civil Procedure" as alleged.

61. Within the colonized and secretly seized local "mis-judiciary" known as the "State of Utah's Third District Court" as well as Utah's seven other "Districts" covering the entire state of Utah, the beginning layers of these nation-destroying atrocities are rampant.

62. Due to this, and after more than seven years of atrocities impossibly but necessarily survived by Plaintiff and Plaintiff's two daughters, it cannot be presumed that at any time the local "mis-judiciary" known as the "State of Utah's Third District Court" in uncharacteristic sudden support, obeyance and defense of "The Supremacy Clause" and "The Constitution of the United States of America" will suddenly identify and safely intervene in

conscientious ways with the "Sinister Spectrum" of "Sinister Psychology" or its mal-reciprocating, fatality-inducing mis-methodologies and keeping them hidden.

CODA

63. § As it relates to "Supplemental Jurisdiction Applied To Plaintiff Pro Se," Plaintiff's impossible but necessary survival of "The Silver Bullet" as the "first parent" of Plaintiff's two daughters targeted for erasure by the AFCC mis-members; as a "target-turned-victim-turned-survivor-turned-whistleblower;" and as a "going-viral-guvvywuvvy-candidate" in 2024; this includes Plaintiff being unlawfully arrested *twice* within *one week* at Salt Lake City's Matheson Courthouse. The first time on March 5, 2024 after being stalked in a courthouse hallway for more than five hours by "mis-police-officers" then held hostage within the Salt Lake County Jail for the latter half of the day and into the night before being "released," then again one week later on March 13, 2024 and being held hostage within the Salt Lake County Jail for those 69 days until May 21, 2024.

63.1. As it relates to "Supplemental Jurisdiction Applied To Plaintiff Pro Se" and as alleged, in the first 60 seconds of the following body-worn-camera footage from March 5, 2024, imposter "mis-police-officers" from West Valley City, Utah try to take Plaintiff

into a darkened, closed courtroom alone to perform an "orchestrated execution" of Plaintiff disguised as an arrest as incredulously rehearsed among the "mis-police-officers" and others.

63.2. Plaintiff instead suggests that Plaintiff would be happy to talk about "any allegations" while standing right there in the public hallway that would be full of witnesses or sitting on a nearby bench still in the public hallway full of witnesses and Plaintiff instead begins walking away from the closed, darkened courtroom and towards an open bench in the hallway. The "mis-police-officers" reluctantly follow.

63.3. As alleged, the "mis-police-officers" had stalked Plaintiff for 5 hours prior to that moment while at the courthouse while Plaintiff patiently waited for a "hearing" regarding another falsified matter that had brought Plaintiff there as "bait" and also as rehearsed by the "mis-police-officers" and others.

63.4. After Plaintiff politely reaches the bench and sits down not revealing the instigated understandable moment-of-panic for Plaintiff, the "mis-police-officers" then make up more stories about more "allegations" against Plaintiff as their reason for detaining Plaintiff and in doing so they further reveal and embarrass themselves. This is part of the stages in their mis-attempt to now mis-disguise what was

an “orchestrated execution” as rehearsed among them as a “legitimate arrest” instead.

63.5. As the mis-stages deteriorate, the “mis-police-officers” commit worse atrocities to try to cover their tracks. They then handcuff Plaintiff and begin going through counterintuitive mis-steps to transport the still-living Plaintiff to the Salt Lake County Jail for booking.

63.6. If the “mis-police-officers” had planned on “questioning” Plaintiff about “allegations” rather than trying to orchestrate and execution of Plaintiff as rehearsed, they would have questioned Plaintiff at any time during those prior five hours and in a matter of minutes learned the many ways why those “false allegations” were clearly fabricated by others in the West Valley City Police Department or those imposters pulling metaphorical dark strings that control layers of the West Valley City Police Department.

63.7. As the video reveals, the “mis-police-officers” would have also taken the time during those prior five hours to learn how to properly exit and egress the property of “Salt Lake City’s Matheson Courthouse” when doing so “with a handcuffed, living prisoner for transportation to the Salt Lake County Jail” which the video clearly demonstrates the

"mis-police-officers" from the West Valley City Police Department did not know how to do.

63.8. Instead they spent those five hours collectively and individually ritualistically rehearsing the orchestration of the execution of Plaintiff in that closed, darkened courtroom by what would have been one of them mis-claiming that Plaintiff had "reached for their gun" once in the closed, darkened courtroom and that "mis-police-officer" or another responding to the intentional, rehearsed, mis-claim by placing the pointed barrel of their side-arm next to Plaintiff's head and pulling the trigger as many times as needed to execute Plaintiff. Because of these rehearsed, mis-rituals over those five hours, they mis-believed that someone else would be carrying Plaintiff's splattered and collected remains out of the courthouse in a body bag and them being celebrated by the attending news crew for "quickly responding to reports of a violent subject at the courthouse" rather than them properly leaving the courthouse property with a living, walking, mis-handcuffed Plaintiff. [76]

[76] YOUTUBE- Body Worn Camera footage of the unlawful arrest of Plaintiff Jarman by four West Valley City Police Officers on March 5, 2024 from one of two officer's body worn cameras. Footage from the second body worn camera is still pending. The other officers were too far away or "present" via an officer's mobile phone.

64. Plaintiff was released later that night on March 5, 2024 but Plaintiff was then again arrested one week later on March 13, 2024 at the same courthouse, under the same false charges baiting Plaintiff there as rehearsed and with the same "mis-police-officers," others from within West Valley City Police, others from within the Salt Lake County Sheriff Office and others from within the "Matheson Courthouse" present again but a corrupt and colluding "judge" ordering a Salt Lake County Deputy to perform an unconstitutional arrest of a polite Plaintiff during the mis-staged hearing instead of Plaintiff politely walking out of the courtroom again and the "mis-police-offiers" not mis-orchestrating the rehearsed execution again.

65. The two mis-attempted executions mis-disguised as mis-staged "arrests" and "jailings" of Plaintiff and the life altering, retro-actively forged "criminal record" attached by imposters to them, being proliferated upon Plaintiff without Plaintiff ever having a "proper hearing;" without a "trial;" without the opportunity for "bail;" without a lawful "arrest warrant;" without a lawful "affidavit of probable cause signed by a victim;" without a lawful "victims impact statement" and without any other required, "lawful paperwork" because there was no "victim" as was forged; and with those forgeries combined with other forgeries committed by colluding "mis-attorneys," a "commissioner," a "private guardian ad litem" and a "psychologist" who all

belong to the same local mis-chapter of the "AFCC," five other local "judges" within the "Matheson Courthouse" and dozens of other imposters over the past seven years in different collective and individual stages as part of these atrocities targeting Plaintiff and Plaintiff's two daughters and mis-attempting to keep them hidden by erasing Plaintiff.

66. After being unlawfully arrested and held hostage within the Salt Lake County Jail under more unpredictable terrors for what ended up being those impossible but necessary to survive, terrifying and unpredictable 69 days for Plaintiff, Plaintiff was only "released" after an additional, intentionally mis-prolonged, release period that was mis-prolonged from moment-to-moment each day for those last seven days leading up to May 21, 2024 as more mis-attempts to enable more mis-jailings or worse for Plaintiff.

67. Plaintiff was then only "released" because the most sinister layers of imposters wanted to try fatally "swatting" Plaintiff again outside of "jail." Their bloodlust still not satiated with Plaintiff's survival in jail and the life altering challenges their retro-active forgeries would be enabled to bring to Plaintiff for at least 10 more unpredictable years.

68. As it relates to "Supplemental Jurisdiction Applied To Plaintiff Pro Se," they immediately tried this through other local layers at Plaintiff's home "after dark" within the first few hours after Plaintiff was released, then again

multiple other times through other local layers, and then again through other layers on August 18, 2024 when they orchestrated a way to try to use Plaintiff's 9 year old daughter (who was 8 at the time) in that version of the "swatting."

69. Neither Plaintiff or the daughter were able to acknowledge each other even though the daughter was mis-intentionally brought within 10 feet of Plaintiff as a mis-attempted way to mis-claim that Plaintiff was "on the run" and was targeting the daughter. Seeing what was happening before his 9-year old daughter saw him, Plaintiff hid under a hat and the daughter did not recognized him and inevitably refuse to leave him if she had due to it being more than six months at that time since they had been at home together as well as her not seeing for more than three years her sister who had been mis-relocated to North Carolina.

70. All this as part of the most sinister layers of imposters attempting to "—Eliminate/Erase—" Plaintiff and keep hidden with Plaintiff's fatally-induced "death," these ongoing atrocities in Utah and beyond that have been mis-happening for so many years as alleged.

71. Layers of atrocities as they relate to "Supplemental Jurisdiction Applied To Plaintiff Pro Se" and that to Plaintiff; to Plaintiff's two daughters; to their mothers; and that after 7 years were suddenly approaching critical-mass for

the imposters during that time of 2024 due to the unprecedented Presidential Election of 2024 just months away with Defendant, the returning "Outsider President" starting conversations from "sea-to-shining-sea" with fact driven, fearless dialogue about billion dollar layers of "The Deep State" being exposed and likely requiring action by fearless federal freedom fighters reaching fever pitch as the gap with him as the leading candidate exponentially widened from moment-to-moment.

71.1. That Presidential election of 2024 that Defendant fearlessly won in spite of unprecedented, mis-manufactured inconsistencies by the monstrous-funny-money-fueled-bureaucrats. [77] [78] [79]

71.2. The atrocities of the assassination attempt targeting Defendant on July 13, 2024 with unique indications of hidden, counterintuitive and recurring connections to the most sinister layers of imposters in Utah.

71.3. Communications about this from Plaintiff to certain layers of "federal law enforcement" in the days and weeks that followed also going

ignored by imposters within those layers. [80]

72. As it relates to all "jurisdiction," while encountering ongoing disregard from individuals and imposters in all local layers of "local" and "federal" offices over the past seven years, through the date of this filing, as part of "pursuing lawful remedies," Plaintiff has politely sought to expose the nation-destroying "Sinister Psychology," domestic terrorism, organized crime, "Systemic Corruption," "Child Trafficking," "Human Trafficking" and the layer upon layer of these nation-destroying atrocities targeting Plaintiff and Plaintiff's two American daughters and eliminating millions of other similarly situated American children and parents not just over the past seven years but over the past 40 years.

73. This includes Plaintiff previously:

Link starts at 6:17 of 10:03 and includes a deceptive "swap" of a Halligan Bar by two "law enforcement officers" in Butler, PA. Reports indicate that a "Halligan Bar" is a counterintuitive tool to have inside a building that was locked from the inside to other law enforcement officers on the outside unless people on the inside of the building were planning on deceptively mis-using the Halligan Bar to remove one type of window and replace that now removed window with a "mock" window that bullets could more easily be shot through then afterwards quickly replacing that "mock" window by using the Halligan Bar to take it out and place the original window back in. 77.1. Plaintiff, after being unlawfully arrested twice in one week and while being held hostage inside four different cells of the Salt Lake County Jail network during those unpredictable days of March 13, 2024 - May 21, 2024 Plaintiff also scribbled with pencil stubbs on limited sheets of paper provided by the jail, eight separate letters to jail staff, to jail management and to Rivera's office about Plaintiff being unlawfully arrested and unlawfully held hostage in Rivera's jail. Plaintiff also filled out other one-page forms provided by the jail.

77.2. After being released from jail, Plaintiff also delivered another polite report to Rivera's staff at the Salt Lake County Sheriff's headquarters.

77.3. During the 45 day legislative session Plaintiff also personally and politely handed a report to Rivera at the Utah State Capitol as well as other Sheriff's when every sheriff in Utah was there for a group photo on the rotunda's east stairs.

[85] SLTRIB.com -A previous teenage mom and high school dropout without any formal education, Rosie Rivera was chosen to move up the ranks to eventually become the multiplicitous Chief of the Salt Lake County Sheriff Department/Chief of the Salt Lake County Jail/Chief of the Unified Police Department. As alleged, Rivera did not respond to multiple reports about these atrocities being committed in Utah.

[86] COUNCILONJ.ORG -Council On Criminal Justice Directory; "Rosie Rivera."

78. Submitted reports to Salt Lake County District Attorney Sim Gill and Cache County District Attorney Dane Murray, who disregarded evidence of forgeries by colluding members of the local "AFCC" mis-chapter in Salt Lake and Cache Counties. These mis-members targeted Plaintiff and Plaintiff's two daughters with forgeries and with those forgeries being concealed by the same group. Both District Attorney offices also suppressed evidence of the forgeries and other misconduct.

79. Delivering reports to local "federal" offices the "FBI, "CIA," "Homeland Security," "U.S. Marshals" and the past two "U.S. Attorneys" in the Salt Lake City office (John Huber and Trina Higgins who replaced Huber during the previous Administration;)

80. Mailing reports to members of U.S. Congress:

    80.1. This includes reports of different lengths (10 pages to 30 pages) sent to tri-split-loyalty Ron Wyden the U.S. Congressmen from Oregon ("Law Degree," "Democrat," "Jewish") who for more than 10 years has been the "Ranking Member of the Senate Finance Committee" constantly seeking to mis-create billions of dollars more in federal-funny-money from the good parts of the federal government for imposters to exploit under the banners of "Title IV-E," "Medicare" or "Social Security."

80.2. Tri-split-loyalty Orrin Hatch a former U.S. Senator from Utah ("Law Degree," "Republican," "Mormon") did not hesitate to work with Wyden on constantly increasing the amounts of funny money to be stolen in more and more ways while also not using his role to implement any auditing or accountability among the states.

80.3. From age 43 until age 85, Hatch was a Tri-Split-Loyalty mis-member of U.S. Congress for 42 years (1977-2019). During that time, as Chairman of the Senate Judiciary Committee he counterintuitively controlled the number of federal judges in the United States (1995-2001; 2003-2005). In this role, Hatch stalled the process for dozens of federal judges with a demand that his former assistant, tri-split-loyalty Ted Stewart ("law degree," "Republican," "Mormon") be made a "federal judge" by President Clinton. It's important to note that as a candidate to be a "federal judge" Stewart did not speak out against Hatch for engaging in this nation-destroying, self-serving, bureaucratic, imposter Republican scheme.

80.3.1. (This type of nation-destroying mis-behavior is minimized in the deceptive parts of the paid media by being referred to as "logrolling." Logrolling has become a deceptive way for "split loyalty" and "tri-split loyalty" mis-members of U.S. Congress

and parts of the paid media to invisibly destroy the U.S.A. It's relevant to note here that Utah's current counterintuitive tri-split-loyalty governor Spencer Cox ("law degree," "Republican," "Mormon) was once an assistant to Ted Stewart. (further referenced on page 121.)

This includes by falsifying tens of thousand of dollars in "legal fees" then colluding and collecting on those fees through falsifying "liens" then placed on the targeted American's home. The imposters also do this through taking over control of HOA's and demanding tens of thousands of dollars in falsified HOA fees. Not only does this steal the home, it forcing American's of all ages into suicide, bankruptcy,

poverty, homelessness and other nation-destroying atrocities); to "Assessment Counseling and Educational Services" of Millcreek Utah (who ignored all these atrocities to remand that as part of being on "probation" for "Domestic Violence," Plaintiff take 34 1-hour long "Domestic Violence Classes" when the "classes" are really just "group chats" offered through a zoom link at a cost of $1,870 to Plaintiff. Another mis-testament to the atrocities of the endless layers of mal-reciprocating imposters.)

109. Plaintiff as a "targeted," "stalked," "swatted," "lawfared," "unlawfully arrested," "held hostage," "exploited," "blamed" and almost eliminated "American parent" knowing what Plaintiff uniquely knows, pursued the recent 45-day period of the 2025 Utah Legislative Session over the past several weeks from January 21,2025 - March 7, 2025 for the purpose of stringing together, "strand-by-strand," this Golden Gate Bridge of truth by attempting to complete thousands of "personal contact attempts" with anyone

and everyone associated with the "State of Utah" in anyway (even the sinister spectrum of lobbyists) to locate anyone willing to be a catalyst to ending these nation-destroying atrocities.

110. These polite, patient once impossible but now necessary "personal contact attempts" with well-prepared materials and more being part of this Golden Gate Bridge of truth that is more than seven years in the making in Utah and beyond but like Plaintiff's previous mis-placed faith in phone calls, reports, letters, emails and other personal appearances in other places over the past seven years, these "in person" attempts during the 45-days of the 2025 Utah Legislative Session also going ignored and only bringing more retaliation against Plaintiff from layer upon layer of fatality inducing, local imposters.

111. For review, as Plaintiff's impossible but necessary pursuit of stringing this Golden Gate Bridge of truth together "strand-by-strand" for these nation saving remedies within the jurisdiction of the "State of Utah" pertains to "The Utah National Guard:"

111.1. Twice last year during February 2024 and July 2024 Plaintiff politely delivered a one page report to "civilian staff of a private security company (non-military)" paid to staff the "entrance gate booth" at the Utah National Guard facility in Bluffdale, Utah rather than it being staffed by members of the National Guard as one might expect.

111.2. Plaintiff being unlawfully arrested twice in one week and unlawfully held hostage for those 69 days between those two months prevented Plaintiff from delivering more reports during those 69 days. The 1-page report delivered by Plaintiff included Plaintiff attempting to notify a special team of "The Utah National Guard" about that recently discovered "AFCC" list of 12,533 hidden names of American children with the intent being that a "sample list" of names from that list would be "audited" for victimology of American children and parents (as well as the other atrocities of "fraud." This "audit" would have included how many American children from "Utah" have been "forcibly displaced" by imposters; how many are "missing" and have not reported as "missing;" and how many "names" on that list are entirely "made up" or "fake" as part of the imposters nation destroying atrocities and exploiting in Utah.

111.3. However, instead of the special team with the Utah National Guard being enabled to do this and begin constructive processes of rescuing suffering American children and parents in Utah and dozens of the most corrupt states and stop the nation destroying atrocities and the exploitation, Plaintiff was mailed that notice claiming to be from the "Utah National Guard" and the "Office of the Governor of Utah"

(Spencer Cox) stating that Plaintiff delivering the one-page letters to the Utah National Guard "gate booth" constitutes a "continued presence" that is "detrimental" to the "mission" of the "Utah National Guard." The notice also threatened to incarcerate Plaintiff should Plaintiff deliver any more letters to any of "National Guard" branches, bases or offices in Utah. [114]

112. As Plaintiff's impossible but necessary pursuit involves the "AFCC" and that "Utah Chapter of the AFCC:"

112.1. Prior to the 2025 Utah legislative session, Plaintiff also made a 12 foot tall sign and held it up on public property near where mis-members of the "Utah Chapter of the AFCC" were hosting a private event as part of another event open to thousands of members of the public. During that time, Plaintiff also distributed 1-page flyers to the public regarding these atrocities being committed and hidden. After about four hours with the occasional taunt against Plaintiff by a mis-member of the local chapter of the "AFCC," a visibly intoxicated man claiming to be the "president of the AFCC" approached Plaintiff passing by within inches of Plaintiff then immediately turning back to

verbally engage Plaintiff. When Plaintiff politely offered the man one of the fliers, the man restated twice "I am the president of the AFCC!" and refused to accept one of the fliers before walking away. As alleged and shared, video of that encounter with the audio can confirm this as well as Plaintiff stating to the man, "I've tried to call you six times." [115]

113. For review, as Plaintiff's impossible but necessary pursuit of stringing this Golden Gate Bridge of truth together "strand-by-strand" for these nation saving remedies pertains to the "UNITED STATES DISTRICT COURT FOR THE DISTRICT OF UTAH CENTRAL DIVISION:"

113.1. In June of 2024 Plaintiff filed a 440 page complaint of these atrocities with more than 600 footnotes and naming dozens of imposters in Utah and beyond with the "UNITED STATES DISTRICT COURT FOR THE DISTRICT OF UTAH CENTRAL DIVISION" without specifically naming "Defendants" or the President of the United States of America at that time (Joe Biden) as part of those "Defendants" or as "Defendant." Given the imposters fatality-inducing atrocities

targeting Plaintiff over the past seven years, this was done as a matter of discretion at the time due to Plaintiff's mis-placed faith in the "UNITED STATES DISTRICT COURT FOR THE DISTRICT OF UTAH CENTRAL DIVISION" and 22 U.S.C. § 7102(6): "CREDIBLE INFORMATION FROM VICTIMS" being submitted by Plaintiff to the "UNITED STATES DISTRICT COURT FOR THE DISTRICT OF UTAH CENTRAL DIVISION." This mis-placed faith by Plaintiff in regards to "UNITED STATES DISTRICT COURT FOR THE DISTRICT OF UTAH CENTRAL DIVISION" being commissively and omissively immune to the atrocities.

113.2. That filing was somehow silenced over the next three unpredictable months with digital paperwork purported to have been presented by local Federal Magistrate Daphne A. Oberg under local Chief Federal District Judge Robert J. Shelby being sent in September 2024. (Shelby is also a former member of the Utah National Guard.)

113.3. In more mis-placed faith by Plaintiff and inspite of objections filed by Plaintiff regarding the case being assigned to a "Magistrate," the filing was dismissed by more digital paperwork purporting to be from the

"UNITED STATES DISTRICT COURT FOR THE DISTRICT OF UTAH CENTRAL DIVISION" in October of 2024. [116]

114. As Plaintiff's impossible but necessary pursuit of stringing this Golden Gate Bridge of truth together "strand-by-strand" for these nation saving remedies pertains to Defendant as the President of the United States of America:

114.1. At various times for several weeks, Plaintiff has also publicly posted a seven-page "Open Letter To the President of the United States" as well as mailing letters to the Pentagon; to other Departments of the federal government in direct communication with the Office of the President; to the offices of people known to be associated with Defendant; to properties associated with Defendant, to the Office of the Chief of Staff at the White House and to The White House (1600 Pennsylvania Avenue NW, Washington, DC 20500.)

114.2. It is understandable that these letters may have been intercepted by imposters rather than delivered to Defendant but because that is unknown, it further necessitates this "AMENDED COMPLAINT FOR DAMAGES."

115. Wherefore, as not only the life of Plaintiff and Plaintiff's two heroic

[116] GOVINFO.GOV-US_COURTS: 24-CV-00407. Originally Titled "Jarman V. To Be Named Defendants." (There was an important, discretionary reason for this title at the time and still is. (June 2024)

daughters are burning from the most sinister layers of the imposter's nation-destroying atrocities but the entire world is burning, Plaintiff, with this "AMENDED COMPLAINT FOR DAMAGES" submitted to the same local federal courthouse of "UNITED STATES DISTRICT COURT FOR THE DISTRICT OF UTAH CENTRAL DIVISION" located in Salt Lake City, Utah at 351 South, West Temple Street, Salt Lake City, Utah 84101, seeks relief directly for Plaintiff and indirectly in reciprocating ways for Plaintiff's two daughters (without representation by Plaintiff as required by law); for millions of other similarly situated American children and parents; for Defendant's posterity (without representation by Plaintiff as required by law); and even for Defendant should Defendant directly affect the birth of more children (naturally or through patriotic or scientific means.)

116. Therefore, in regards to "jurisdiction" and 22 U.S.C. § 7102(6): "CREDIBLE INFORMATION FROM VICTIMS"—Plaintiff has exhausted all available remedies.

STATEMENT OF FACTS

117. The the nation-destroying atrocities of domestic terrorism, organized crime and parasitic corruption from the "Sinister Psychology" of haybay being proliferated through hundreds of "mis-judiciaries" is not only

"fatality-inducing," it prevents targeted American children and parent's in Utah and dozens of the most corrupt states from building the different layers of friendships, families, farms, factories, engineering marvels and fun places that once made America great.

118. Victims have described being targeted by the atrocities in this manner: It's like being poisoned; throat punched; shin kicked; gut stabbed; blindfolded; stripped naked; mocked; bound; tumbled in broken glass; lit on fire; dropped alone in a burning, crumbling smoke filled maze with no way out; invisible gaseous razor blades suturing eyes and throats shut; mocking choruses of "legalese" being intentionally screamed at blood curdling levels; chains around wrists; chains around waists; chains around ankles; walking no longer allowed, only "tremble-crawling" through a lava-like sludge of searing cinders; leashes around necks pulling them and their now unrecognizable, children under and through a rusty sewage grills dipped and re-dipped in boiling red-white-and-blue-lipstick.

119. For the targeted "mom" or "dad," echoes of rehearsed phrases like: "having lots of legal problems…," "suffering a mental health crisis…" "is a danger to themselves and others…" "this is all very concerning…" are pounded at them from the imposters amplifiers and grow louder and louder as each once-proud now-fainting heartbeat grows more and more faint—this while

the dead-eyed, oath-breaking imposters who are "paid to help" purposely mis-wear upside down American flags as "H-E-R-O C-A-P-E-S" and in their own foreign mis-currencies make bets among each other over how quickly they and their children will die so they can steal everything—and more—and keep the rituals going by keeping it all hidden.

120. As their fading heartbeats get further and further apart on the inside and the outside, for more nation-destroying entertainment, the imposters and their other unsupervised play dates—also with pens, gavels, badges, guns, locks and keys—dump mucky buckets of high-octane jet-fuel all-over where you and your family played, learned and nested together. Memories going up in the flames of never-ending terror.

121. The syringe pointed teeth of steroid-fueled, mis-programmed-red-and-blue-spectrumed-blinky-bots auto repeating "anything you say or do can and will be used against you—anything you say or do can and will be used against you—anything you say or do can and will be used against you" *BEING MIS-USED AGAINST THEM IN ANYTHING THEY SAY OR DO TO NOT DIE*.

122. As they inhale borrowed gasps of noxious air through the suffocating, cinder filled sludge screaming for "H-E-L-P," the teeth cracking pointed barrels of

the mis-programmed-blinky-bot's bloated and loaded guns never far from their face.

123. Pipelines of more "poisons" mis-disguised as "medicine" forced through those syringe sharp teeth and directly through into their burning chest making their blood sizzle until their faded broken heart finally implodes in a scorched mound like an imposters black robe quickly tossed and crumpled on the floor of a cardboard courthouse.

124. The clean up being written about in local news clippings with pictures of the "Once Happy Family" framed and hung on the dry-blood spattered walls of the deepest levels of the most sinister imposter's darkest dungeons;

125. Everyday they don't die as "the-parent-chosen-to-be-targeted-for-elimination-first," the next day will be exponentially worse—but the sunlight of a slim chance their "nameless" children might have of being rescued from the dungeons they are alone and sizzling in will absently shine with the sunrise somewhere—if, left lost to the mis-wonders about where their, "now nameless" parent suddenly disappeared to, they too can somehow get from one gasp to the next instead of finding "what's on the other side" as everything around them becomes fatality-inducing bait mis-designed to "exploit," "blame" and "eliminate" them. 127. IF ENOUGH OF THE CHILDREN AND PARENTS STOP GASPING, —AFTER EVERYTHING IS STOLEN—THEY TOO WILL BE ERASED. JUST LIKE YOU AND THE NATION THAT ONCE WAS WILL BE.

128. With each unpredictable, gasp and through the gaseous razor blades suturing their eyes and throat shut, they begin to see shadows of how the entire world burning is just part of why the most sinister layers of imposters will continue stopping at nothing to keep it all hidden by also silencing "outsiders" such as "truth-to-power" political candidates like Defendant who will uncover layers of truth if they are elected as well as other "outsider" whistleblowers who

133. [122] ECONOMICTIMES.INDIATIMES.COM -Former 90's mayor of San Francisco Willie Brown claims that during that time he bought Kamala Harris a BMW and she became a City Prosecutor.
(August, 2024)

[123] HEINONLIN.ORG- As Mayor of San Francisco, Willie Brown also supported the "AFCC." This one page letter that also mentions Hillary Clinton was written by the Executive Director of the AFCC before Peter Salem. This Executive Director's name was Alastair Nicholson. Even though the AFCC was founded in California in the 1960's, and Nicholson was a judge in Australia, Nicholson became Executive Director through connections with The World Congress.

[124] Biden, Harris, both Obama's and both Clintons are former "attorneys." It is important to reconcile the records of others who are former attorneys too and what polarizing scope of the multiplicitous "American Mis-Judiciary" they were a part of. For example, President Obama was a "Civil Rights" attorney, Michelle Obama was a "Marketing and Intellectual Property" attorney, both "fields" are in the opposite direction of a "City Prosecutor," "DA" or "AG" attorney. All are also very different from a "peanut farmer," "a local oil man," a "governor/professor/saxophone player" or a "Real Estate Developer" and time will continue to tell about the dynamics of those differences.)

numbers of intentionally baited, deceived and misguided patsys, pawns and puppets in all layers to keep those most sinister strings hidden is part of their haybaying spiral.

136. This cadre of haybaying monsters hiding in plain site with what they mis-believe is a secret membership in the “Professional Victims” club. A club where in a mis-attempt to avoid judgement they mis-attempt to punish their victims for their victim’s patient response to the their anti-human atrocities against them.

137. Other sinister doppelgangers, masquerading as “legitimate authorities,” orchestrate a chilling, ongoing "attrition" of unsuspecting "interns" and other vulnerable "temporary employees" within the twisted, “state-mis-sanctioned” labyrinths. Cloaked in the superficial guise of "auditing" offices housed within “State Capitol” buildings or elsewhere, well-intending part-time staffers willingly plunge headfirst into the fathomless void of interconnected governmental warrens, not knowing they are shills perpetuating yet another nightmarish cycle of concealment that shrouds these unspeakable horrors in perpetual darkness—year after terrifying year.

138. Numerous social media “whistleblowing” accounts utilizing certain hashtags like “#familycourt,” “#metoofamilycourt,” “#corruptcourt,” “#cashforkids,” “#parentalalienation” and “#courtnapped” also quickly gaining thousands of

followers everyday through the good parts of social media but then just as quickly being "shadow banned" by "false reports" from local imposters in the bad parts of social media. The imposters taking turns monitoring those same hashtags to deceptively get those accounts kinked and buried in the cinders.

139. The nation-destroying "shadow banning" not being intervened with by the "social networks" and the spectrum of their human-like operators due to the "social network's" human-like bots not responding to "appeals."

140. This while the spectrum of misguided human-like operators at the "social networks" scapegoat and publicly mis-claim their entire platform is "too big to police" while they also simultaneously feed out other mis-selective and diversionary topics to untold numbers of specific users instead.

141. Much of it funny-money-funded by the "Sinister Spectrum" spectrum of *other* human-like bots from billion dollar layers of imposters in Utah and beyond.

142. The once well-intending good parts of the "social networks" lost in the cinders of the reality-burning "fringe cringe mind virus," a result of decades of haybay upon the masses, and all its self-destructive, mis-guided manifestations pouring in like lava from all far-angles, left and right. The lives of millions of once bright, now burned and buried American children

and parents and the gasping whispers of their burning stories disappearing in different stages from “once-shining-sea-to-once- shining-sea.”

143. The run-a-way “shadow banning” being another metaphorical modern-day “nationwide line to 9-1-1” cut-off from the rewards of reality with the fringes and the cringes of that mind virus. [125] [126]

144. Untold numbers of those gasping victims also targeted by imposters with “fake advocate accounts” proliferated by the same local imposters claiming to be “helpers” only to deceptively exploit them in more ways.

145. Some baited and tricked into naively rescuing their children themselves in an understandable moment of courage turned into horror for them and their children as they are then hunted. If they survive the hunt, they are then unlawfully held hostage for years without a trial under falsified charges of “kidnapping” their own children. The “false tip” of their plan or their eventual location being reported by the same deceptive imposter “helpers” who baited them and tricked them into paying them a fortune to “help them.”

146. Through the sutures is slowly seen the nation-destroying cycle of attrition of untold millions of invisible victims. One American “Mama Bear” or American “Papa Bear” after another lost. One American child after another

one moment away from the seven layers of child trafficking. It all inconspicuously keeping these nation-destroying atrocities hidden for more than 40 years.

147. With every short-lived borrowed gasp, an understanding begins to grow that everyday, untold numbers of targeted American children and parents are being "exploited," "blamed" and "eliminated" without knowing what is really happening to them—that they and their children are surviving an ongoing assassination attempt—not having gasps of air long enough to describe it though even if they knew the words to say it.

148. Why the word "H-E-L-P" isn't enough—being the most damning eternal proof of the imposter's nation-destroying nightmares happening from moment-to-moment for more than 40 years.

149. Other miraculous targets-turned-victims-turned-survivors-turned-"whistleblowers" painstakingly finding ways to spend countless hours writing "step-by-step" timeline reports, writing metaphorical reports and writing rhetorical reports—hundreds of pages or one page, with or without images, with or without pictures and over and over again—any way to find something that might stop the pounding amplifiers convincing them to blame themselves. Anything to save them and their children and protect the next generation from being the targeted masses of the imposter's endless searing

layers of nation-destroying domestic terrorism, organized crime and "Parasitic Corruption." [127]

150. An invisible, monstrous mountain of sandbagged, weaponized and leveraged reports spilling from thousands of darkened local "courthouses" across the U.S.A. and casting another nation-destroying shadow from "once-shining-sea-to-once-shining-sea."

151. This as the mis-members of the "AFCC" go to great mis-lengths to undermine other well-intending professionals who aren't members of the "AFCC."

152. The shadow-banned, silenced, miraculous victims-turned-survivors-turned-"whistleblowers" then left to attempting to speak during legislative sessions at State Capitols; privately pleading with leaders of local "police departments" only to be ignored by them too; making and holding up all manner of signs from all manner of materials when "speaking" and "pleading" doesn't work; traveling hours or days to personally deliver reports so they aren't lost in the endless lava flow of intentionally ignored emails; delivering reports to TV stations; delivering reports to the offices and

foundations of local luminaries who claim to be: “in the business” of “helping kids;” and delivering reports to any other individual or organization that might “crack the code” and borrow another fleeting gasp of burning air through the ever worsening, cinder filled sludge.

153. As the years burn by, the gasping borrowed breath breathers learn that as the “whistleblowing” continues, the attacks by the most sinister layers of imposters to eliminate “whistleblowers” exponentially increase. This is because when deemed necessary, the most sinister layers of imposters use “corrupt” or “misguided” cops tag-teaming in layers of local “police departments” and local “U.S. Marshals” offices as their own “private military” to silence “whistleblowers.”

154. This includes deceptively mis-using specific haybay schemes to orchestrate those “executions” disguised as “arrests” as alleged. When the executions don’t go as planned and the target somehow survives, the colluding imposters “forcibly arrest” the target then the imposters retroactively forge “court documents” in all manner of ways to make the “arrests” look like “legitimate arrests” rather than the “orchestrated executions” that they really were.

154.1. § Sometimes these “executions” are attempted as part of a “ritual” and there is no-shortage of misguided, mis-tribalistic, “mis-training” to

mutate once well-intending people into monsters committing these atrocities. [128] [129]

155. Of those innocent targets unlawfully held hostage in jail after a failed "orchestrated execution" or unlawfully held hostage in jail under other forged mis-reasons, many are unlawfully held hostage for weeks, months or years while the colluding imposters try to "bribe," "blackmail" or betray others to "unalive" the surviving target while in jail or to "provoke" the target to do something in jail that can be used as an excuse to keep them in jail for months and years longer, the targeted person's secretly contracted "public defender" also being in on it.

156. All the while the colluding imposters hoping the target will just commit suicide from the unpredictable moment-to-moment agonies of being an "innocent targeted American parent in jail."

157. § Those atrocities combined with those suicide rates indicating that the "mis-judiciaries" continue to be responsible for causing a "death rate" among unsuspecting, innocent, "targeted American" parents that is almost *TWICE* as

deadly as the death rate was for armed U.S. soldiers fighting communism in Vietnam.

157.1. The "eight times more likely" death-by-misguided-suicide statistics previously shared indicate that for 100 parents targeted with "The Silver bullet," 8 of them will commit suicide which is almost the same as "1 out of 10" in the Vietnam War.

157.2. However, other reports indicate that "inmates in jail" are twice as likely than the general public to commit suicide. This doubles that rate of "8 out of 100" to "16 out of 100." Those reports also indicate that "death-by-suicide" after being mis-jailed will happen within the first 30 days.

157.3. To review, over the past 40 years, the Sinister Psychologists mis-using hundreds of mis-judiciaries "at home" to induce suicide of targeted American parents as an invisible weapon of death to destroy the U.S.A. have collectively made "The American Mis-Judiciary" more deadly than "The Vietnam War."

157.3.1. In more simple terms: The American Judiciary is more deadly than the Vietnam War.

157.3.2. Its also critical to note that like the Vietnam War, and what was dismissed by parts of the paid media as "shell shock" then

converted to “post traumatic stress disorder,” the PTSD from the invisible enemy that the American Judiciary is for targeted American parents and children is also debilitating and weaponized. The suicide statistics from these atrocities are just a portion of the nation-destroying statistics along the way including emotional health challenges from trivialization, invalidation and alienation as well as bankruptcy, homelessness, mass shootings, school shootings, other “children-on-children” violence, etc.

157.3.3. This is another reason why the “targeted-for-elimination” Plaintiff as an American parent was unlawfully arrested and unlawfully held hostage in jail then released after 69 days—having not committed suicide during that time to then only to be targeted for more fatality-inducing “swatting.”

[136] PEWTRUSTS.ORG -As the deceptive "AFCC" has expanded exponentially in the U.S. since 2000, the suicide rate has increased 30% with 49,000 suicides in 2019, the highest number ever recorded. (Repost Of Link)

[137] GREATAMERICANINSURANCEGROUP.COM -Understanding the concerning trend of inmate suicide in local jails. (Repost Of Link)

[138] A 16% suicide rate of targeted American fathers is what the terrorizing "AFCC" controlled "mis-judiciaries" secretly bank on as part of the nation-destroying terrors. However, there are also indications that without "Awareness, Intervention and Advocacy" those suicide rates go up 20% more *after any amount of jail time.* This would have to be reconciled with those pre-jail percentages for targeted fathers and mothers too. In any case, this is an indication of this "national emergency" and that when the AFCC's "lists" are audited for "victimology" of intentionally targeted parents, the rate of suicide for targeted fathers will be higher than 16% as well as being higher than 8% for targeted mothers. This means that if the mis-members of the nation-destroying AFCC target 5 men, the will be able to steal everything from at least one of them after "suicide." The hidden list of 12,533 children just in Utah provides a concerning indication of how many parents are currently being targeted or were targeted and are now deceased whether that involved being held hostage in jail or not. For any who questioned the intentional lethality of the 6,000 mis-members of the "AFCC" "inducing suicide" as a nation-destroying weapon, your apologies are soberly accepted. More concerning still is that other reports going back decades suggest that "suicide" is "contagious" (i.e. "mal-reciprocating." A.k.a. the more it "mis-guidedly mis-happens," the more it "mis-guidedly mis-happens.")

[139] (It was never supposed to be like this and the solutions are available now.)

158. Reports also indicate that anyone who has been in "jail" for more than 6 months without a "trial" was likely targeted with a "mis-orchestrated execution," not just an "arrest." In the Salt Lake County Jail these numbers are in the double-digit percentages and there are more mountains of "digital forgeries," "paper forgeries" and "Doctored Dockets" in Utah and dozens of the most corrupt states to confirm this.

159. The endless "Titles" of these self-supervised, mal-reciprocating, mis-tribalistic, local "roles" that are infiltrated and controlled by the most sinister layers of imposters include: "judge;" "municipal judge;" "district judge;" "interim judge;" "calendar judge;" "assistant judge;" "assistant calendar judge;" "chief judge;" "interim assistant chief judge;" "interim assistant municipal calendar chief judge;" "private attorney;" "pro-se calendar attorney;" "guardian ad litem attorney;" "private guardian ad litem attorney;" "court clerk;" "court transcriptionist;" "court deputy;" "court psychologist;" "court forensic psychologist;" "court accountant;" "court forensic accountant;" "supervised parent-time professional" (with or without having children of their own;) "private attorney" quietly contracted as a "city prosecutor" (even though they live a different city or different state;) "private attorney" quietly contracted as a "city public defender" (even though they live in a different city or different state;") "Administrative Office Of The

Court;" contracted "law enforcement officer" (from different local and federal agencies in different cities and not required by deceptive state legislatures to wear uniforms, badges or body worn cameras by intentionally mis-using the term "undercover;") "district attorney;" "attorney general;" "legislative representative;" "legislative senator;" "state representative;" "state senator;" pseudo-judges known as "justices," "magistrates" or "commissioners;" "conduct commissions" (but quietly made up of one part-time person, one phone number, one "complaint rejection form" and a bunch of envelopes and stamps;) "private association oversight committees" (quietly made up of individuals who belong to the same "private association;") "councils" (that are "closed-door;") "joint justice court reform task forces" (made up of the same attorneys who draft legislative bills proliferating the atrocities,) layers of "police departments;" layers of "sheriff departments;" layers of "city jails," "county jails" and "state prisons" (controlled by the same "police departments and sheriffs" whether the "jails" and "prisons" are "privately owned" or "publicly owned;") "collection agents;" "juvenile probation and parole," "adult probation and parole;" and a myriad of misinformed, misguided subsidy-seeking "civil services" entwined in these crossed wires, sinister cells and never-ending mazes with more loosely credentialed, "virtue signaling" words in their titles like:

"rehabilitation;" "psychological;" "psychiatric;" "children's needs;" and most deceptive of all, "*Human Services*."

160. "Titles" of self-supervised, mal-reciprocating, mis-tribalistic "local federal offices" that are infiltrated include words like: "federal bureau of investigation (FBI);" "secret service;" "homeland security;" "united states marshals;" "united states attorney;" "area division;" and most deceptive of all, "central *intelligence* agency (CIA)."

161. Whether those "roles" are "hired," "mis-hired," "elected," "mis-elected," "appointed," "mis-appointed," "ordered," "mis-ordered," "assigned," "mis-assigned," "created," "mis-created," "called" or "mis-called"—layer after layer of these imposter "local offices" are "mis-credentialed" or "not credentialed" at all—operating "self-monitored" in these nefarious nation destroying ways.

162. The layers of these atrocities mis-allowed by the "common assumptions," "social norms" and "goodwill" of an intentionally deceived ("trivialized," "alienated," and "invalidated") public.

162.1. (Especially in a beautifully layered region like Utah where welcoming modern-day tribes of untold thousands of talented, creative and fearless people can be found using their inner layers to be "actively engaged" in the layers of playing and living and playing more at all

elevations instead of fathoming the possibilities and processing the fatality-inducing realities of the imposter's nation-destroying atrocities.)

163. § This includes that imposter layers within "The State of Utah" stretch far beyond Utah's "state" boundaries and clear to deceptive layers within Chicago; to Cambridge (Massachusetts;) to a ten mile stretch of Manhattan; to 6,666 inches in "Washington D.C." (somewhere between 9th and 10th streets;) to Langley; to Arlington hidden in "buildings" and "burial grounds" and reaching the apple of Defendant's political eye (or ear) in at least three (or five) different ways from two barrels (those barrels not being filled at the time with Bear Lake, Utah raspberries.) [140]

164. This includes:

164.1. § That concerning "Halligan Bar" swap by unidentified officers in Butler Pennsylvania, July 13, 2024 shortly after the assassination attempt. [141]

[140] HOME.HIWAAY.NET The Washington Monument in Washington D.C. was designed and constructed to be 555.5 feet tall which is a symbolic 6,666 inches tall.

[141] YOUTUBE -Video posted by Plaintiff Jarman on 9.2.24 titled "More of Republican Utah Governor's Concerning Behavior Towards Trump." Link starts at 6:17 of 10:03 and includes a deceptive "swap" of a Halligan Bar by two "law enforcement officers" in Butler, PA. Reports indicate that a "Halligan Bar" is a counterintuitive tool to have inside a building that was locked from the inside to other law enforcement officers on the outside unless people on the inside of the building were planning on deceptively mis-using the Halligan Bar to remove one

164.2. Just two days before the assassination attempt Utah governor Spencer Cox was the only governor in the USA to publicly speak against Trump saying he would not vote for him again (just like he "didn't vote for him in "2020" or "2016" and his demeanor when he said it has been described that "he was as giddy as a creepy meme school girl when he said it." In the days before the assassination attempt on Republican presidential candidate Donald Trump and with the Republican Convention scheduled to begin on July 15, 2024, Utah Republican Governor Spencer Cox, in a continued pattern of counterintuitive mis-behaviors and sociopathic "virtue signaling" towards President Trump, suddenly contacted Kaitlan Collins of imposter ring-kissing CNN to broadcast his July 11, 2024 announcement that was NOT going to be supporting Donald Trump as the Republican Nominee for President 2024. (With Romney also not supporting Donald Trump, another "mis-precedent" is set by the deceptive layers within Utah. This is that no "U.S. Senator" and a "Governor" from the same political party has ever publicly announced

type of window and replace that now removed window with a "mock" window that bullets could more easily be shot through then afterwards quickly replacing that "mock" window by using the Halligan Bar to take it out and place the original window back in. (Repost Of Link)

they were *not* supporting a Presidential candidate *from the same party* and then still claiming to be part of that same party. Its even more unprecedented that both the "U.S. Senator" (Romney" and the "Governor" (Spencer Cox) in this scenario were connected to layers within Utah.

164.3. At the time of this counterintuitive announcement, Cox was also "chair" of the "National Governors Association" after somehow being elected as "chair" even though only three Republican governors had attended the conference "electing" him. In yet another counterintuitive twist, Cox had also previously announced a motto to "disagree better" Apparently Cox going on CNN two days before the assassination attempt to publicly announce he wasn't supporting President Trump was Cox's version of "Disagreeing Better." This adding yet another impossible tier to the unprecedented layers upon layers in Utah and dozens of the most corrupt states that are "at war" with each other in what has become nation–destroying "treason, insurrection and domestic terrorism" committed by all of them

164.4. We also know that four days earlier on July 7, 2024, for one reason or another a broken person being manipulated to be a patsy, a pawn or a puppet visited the empty Butler, Pennsylvania site. Then in the

minutes before the shooting on July 13, 2024 that person walked up to a particular window in a particular locked building where certain uniformed people were in and looked through it before turning away and taking his round about path to get onto the roof of that building and in position directly above that particular window.

164.5. Of the rallies organized by the campaign for President Trump 2024 going back 18 months to January of 2023, the rally in Butler, Pennsylvania was only the 5th rally that CNN broadcast. CNN didn't start broadcasting the rallies until the 41st rally held on June 18th about three weeks earlier. The Butler rally was the 45th of what would be 96 total rallies organized for the 2024 campaign.

164.6. Somehow a year earlier around July 14, 2023 Utah governor Spencer Cox was elected "chairman" of the "National Governors Association" even though only 2 other "Republican" governors showed up. A year later and two days *after* the assassination attempt no Republican

governors showed up to hear Cox's speech at the "National Governors Association" and only 6 Democrat governors did. [142] [143] [144] [145] [146] [147] [148]

It would have been absolutely expected that a non-haybaying, well-intending, "governor" who had taken a picture with the former president at the grave of a fallen American soldier would have never even thought about releasing the picture publicly and instead, if anything, would have staff reach out to the returning president and presidential candidate's staff about the public release of a statement honoring the soldier and the family instead. [157] WIKIPEDIA.ORG -J. Reuben Clark Law School at BYU is privately owned by a gray area of "ecclesiastical" and "non-ecclesiastical" layers of Mormonism and is allowed to credential split-loyalty full-time "attorneys" and "judges" who are also members of Utah's "part-time" legislature. Of note, of the 15 members of the 2025 class of the Utah State Legislature who are "attorneys" 10 attended "BYU" for a BA or JD. 3 attended the "U of U" (one of those also attended BYU for JD), 2 JD's are from Williamette and 1 JD is from Yale. Out of the 949 bills, 7 of the 12 fatality-inducing bills highlighted in Plaintiff's Affidavit of 12 Utah Legislative Bills (Part 1) as alleged, were railroaded by BA's or JD's from BYU, however **6 of the 12 involved Senator Weiler (BYU).** Brammer, Loubet and Tuescher (BYU) were also on Weiler's 6 or on the 7th together. Of the 12 bills, 2 involved Clancy (BA BYU, Police Officer, Co-Chair of the Judiciary Committee;) 2 involved Lisonbee (BYU, Homemaker;) 2 others were by BYU alum (Christofferson and Harper.) Of the 12, 2 involved a Utah police chief who is not a BYU alum. It is also worth noting that neither Utah Governor Spencer Cox or his brother-in-law Senator Mike McKell went to BYU at all but Lieutenant Governor Diedre Henderson did over a span of 28 years in the making graduating with a Bachelors of Science in History 11 months after becoming Lieutenant Governor. Utah Attorney General Derrek Brown's JD is from Pepperdine. Utah's 3 previous AG's are also BYU alum. In summary: of the 12 bills 10 involved BYU alumni, the other 2 of the 12 involved the police chief who is not a BYU alumni, one involved McKell with the police chief. Of the 24 total places connected to "sponsoring" the 12 bills (1 "representative" and 1 "senator" for each bill) 17 places were connected to the gray-area-owned-BYU. Rather than being "elected" Weiler was originally appointed to the role of Utah State Senator by Governor Gary Herbert after a previous Utah State Senator resigned to run for U.S. Congress.

174. Instead of being "impeached" ("removed") as a treasonous "Federal Judge" Stewart was enabled to continue enabling other imposter layers within Utah.

175. This includes that in Utah it has been normal for controversial "federal cases" about imposters in Utah to be assigned to "federal judge" Ted Stewart and then silenced with false legal "templates." This includes Stewart touting false doctrines of "qualified immunity" for "state judges." [176]

185. As it relates to Defendant, more concerning patterns in hidden layers in arguably the most geographically-layered but also corruptly-mis-layered state—Utah as alleged, indicate significant, intentional, financial deception mis-contributing to those unmonitored surpluses of “tens of billions of dollars” while untold thousands of American children and parents go “exploited,” “blamed” and “eliminated.” This as billions of dollars are counterintuitively allocated in ever increasing ways year-after-year to “less-than-transparent” ongoing projects while other states have successfully completed more complex projects well within budget and on time.

187. A short-sighted-long-term-deception hidden in several years of stifled media reports that only Utah’s low-octane, high-pontificating, local politicians who have never played in Utah’s snow-capped mountains could ever be puppet-stringed into—and that any lazy-eyed, broken-toothed, half-deaf, bald-headed “local-yocal” made of 240 pounds of Utah, U.S.A.’s most colorful dirts and with star-linking access to the 2025 “interweb;” a pair of 2x4 straight 1980 207 cm Rossignals; A rusty chained but bar-ended ‘94 Hard Rock bicycle still rockin’ the 26’ers; Tree trunks stronger than any big apple sky scraper for legs; and altitude-luvvvin-lungs bigger than a Texas Cad-ill-ac would organically carve right through and right into ligety-split on any given day through Utah, U.S.A.’s beautiful trails with or without Utah, U.S.A.’s benchmark setting “POW.” (Or “BOOM—BOOM—POW” depending on the moment manifested from Utah, U.S.A.’s miraculously unique geography combined with those exquisite echoes that are the result of an ancient lake effect dancing in ears in those new ways and the reverent, impossible but necessary, “can-go-mojo” of the *friendly* red coats that morning and their permission giving “Wasatch Wide Grins” with the

188. As alleged with Federal Magistrate Daphne Oberg silencing an earlier, more detailed, step-by-step, 440 page version of this filing naming dozens of names as well as Federal Judge Ted Stewart's mis-use of false legal templates to proliferate the false doctrine of "judicial immunity" for imposter "state" judges in Utah, there is no shortage of imposters posing as "federal judges" or "federal magistrates"—in the inversion filled gray areas disguised as "happy valleys" of Utah—who secretly and not-so-secretly believe that they and their devil-may-care, state-level-equivalent "judges" (and mis-disguised-"commissioners") are secretly running their own "nation" unlawfully independent of "The United States of America."

191. Suddenly the suffocating fog lifts on the real source of that surplus of $35 billion in "Utah" (or "three times that" amount) with at least 12,533 missing and/or fake Utah children's names fatally suffering somewhere to thank for it.

192. Rounding out the ski-lift-secrecy is another culturally misconnected layer in Utah controversially keeping about a billion dollars in control of "Google Stock" that comes in handy for times like magically scrubbing critical "ski lifts" on "Google Maps" that were there for years and doing so within days

of Plaintiff's public reports—about un-snow-capped-ski-resort-add-ons hidden in the man-made, snow-blind, whiteout of deception—making their way around certain cirques.

193. When it comes to twisted dollars of doom in so many of these layers within Utah, there are also cairns in Utah indicating that urban trails of "false charges" are extending far beyond Utah by being "forged" and "multiplied" in layers and layers against the innocent by certain imposters connected to certain cities including "contracted city prosecutors," "contracted public defenders," corrupt "police officers" and colluding "judges" as a deceptive way to turn that closed-loop spiral of exponentially growing false case numbers into a deceptive types of financial tranches that are then re-mis-brokered in parasitic ways to other "entities." double-digit percentages of innocent American mothers, fathers and other adult citizens being unlawfully arrested and unlawfully held hostage in West Valley City's cash-lab disguised as the 2,500 tray "Salt Lake County Jail."

193.2. This happens under "forgeries" and "retroactive forgeries" being committed by corrupt parts of mal-reciprocating local "police departments" and mal-reciprocating local "courthouses" within different "cities" within Salt Lake County resulting in exponentially high numbers of "forged charges" by the different colluding layers of the "Mis-Judiciary" for their own collective and individual mis-gains. The double-digit percentages of "courthouse castaways" in the 2,500 tray lab never being given a "proper hearing," being unlawfully held without "bail" and without a real "public defender." Many there for months or years in open violation of the 6th Amendment of the Constitution by those imposter role players who deceptively made "oaths" to it.

193.3. The most sinister layers in Utah proliferating this lab of ruin, doom and death as part of the nation-destroying, fatality-inducing, local scapegoating as part of also mis-creating a false "jail overcrowding crisis" day-by-day, week-by-week, month-by-month, year-by-year, as

a way to steal billions more from layer upon layer of federal subsidies. The 2,500 shuffled trays of innocent individuals being held as part of fear mongering schemes to until they agree to anything that the mal-reciprocating, mis-tag-teaming, imposters want in exchange for finally being “freed” without ever even having a “trial” or there ever being a “victim.”

193.4. That “being freed” though not being freed from being held hostage back into their life before they were unlawfully arrested and unlawfully held hostage in that “lab” for however many weeks, months or years they were unlawfully suffering there, but now released like a “lab rat” to a broken life mis-designed with ongoing shaming, targeting, scapegoating, undermining, sabotage and the social and professional humiliations and challenges that come with having “a record”— all intentionally mis-designed to bring the “lab rat” back to the “lab” for more “exploitation,” “blame” and “elimination.”

193.5. To make light of the atrocities in one of many attempts to survive from moment-to-moment, unlawfully arrested parents joke that instead of a stolen Sheriff’s uniform, Rosie Rivera should be wearing

a stolen lab coat, the pockets incredulously stuffed with left-over, blood soaked, $1 bills from Gary Herbert's stolen subsidy safe.

193.6. "Crime, on the other hand, isn't a single discrete thing, but a word mis-used to describe an almost impossibly varied and complicated set of mis-behaviors. Criminal acts have serious consequences. They require the criminal to do something that puts himself at great personal peril. To say someone is—"a criminal"—is to say that he or she is "evil" or "violent" or "dangerous" or "dishonest" or "unstable" or any mis-combination of any of those things." (Sic) [192]

193.7. The credit-destroying, life altering simple initials of "DV" for "Domestic Violence" also being retroactively attached to everything by colluding "judges" in mal-reciprocating local "courthouses" by default as a way to exponentially increase the layers and amounts of cash that can be stolen from the feds. The melting truth of the 2024 Presidential election still to-be-determined at the time. [193] [194]

193.8. For those who aren't involved in elevated pursuits in Utah there's also the unmonitored "cars for parents instead of kids in class" schemes keeping paved apartment complex parking lots and rock driveways full with billions of dollars of cars (sold by play dates) and billions of dollars of elementary, junior high and high school buildings near empty (or empty and built by play dates.)

193.9. There's also the atrocities of unmonitored counterintuitively named "residential voucher programs" mis-using funny-money stolen from the feds to push rental rates for those apartments (owned by "play dates") to not-funny-at-all levels.

Learn how through a childhood friend named Luther Bradish he came across a special draft of a patriotic compilation—a collaborative effort by the well-traveled, well-read Bradish and other "polymaths" named Samuel Latham Mitchell and James Fenimore Cooper (Cooper is the Author of "The Last of the Mohicans" and more than 50 other publications.) These three and others determined to save the failed U.S.A. through the power of the pen but Harris had other plans for their to-be-published book and stole it as part of forcing a nomadic family's sons to be the voice of his own patriotic, but darkly altruistic purpose. 196. Death finds some of them in quiet or violent ways. The "threat" of "not being loyal" to a certain sinister cluster a constant ritual among the "private associations" that keep untold thousands of imposters in Utah and dozens of the most corrupt states in line (most-of-the-time).

197. This is part of why when an imposter "black robe wearer" commits suicide to skirt "accountability," it's still "business as usual." This is why when an imposter "black robe wearer" gets killed by a vulnerable person mis-provoked through the broken local "courthouses," it is still "business as usual." This is why when an imposter "black robe wearer" convicted of "child trafficking" gets pardoned by a U.S. President who is a "former attorney," it is still "business as usual." This is why when one stumbles into another layer by proving that another one is "corrupt," the most sinister layers will destroy the career of the other one by destroying the reputation all to protect the corruption. The tales told by the most sinister layers to destroy the reputation of the one, never matching the narrative or how the Docket is ultimately doctored, the most sinister layers relying on the mis-illusions of the "paid" or "bribed" media to do the dirty-deed-done-dirt-cheap.

198. These "business as usual atrocities" rather than "The American Judiciary" collectively asking: "How could we in local courthouses be doing better to prevent this?;" and sharing those answers with the public. [211] [212] [213] [214] [215] [216] [217]

[214] DENVERPOST.COM -Prominent Park City, Utah attorney "JW" represents former Olympian Picabo Streeet (2016)

[215] ABCNEWS.GO.COM -Charges dropped against Picabo Street (2016)

[216] "JW" fearlessly proves single instance of "imposter" Utah "attorney" ("SC") targeting elderly Utahn ("CW") with ruin, doom and death by SC intentionally overbilling CW tens of thousands of dollars then placing a lien on CW's home to collect. This is a common tactic of untold thousands of "imposter attorneys" in Utah and dozens of the most corrupt states including SC. (Case #130-500-115 based on appeal of another case.) (2017-2022)

[217] PARKRECORD.COM -Shortly after, JW loses career after facing staged "disciplinary actions," including the threat of "life in prison" for "serious charges" mis-created by imposters then leaked to the media. The trial expected to be delayed "for years" as JW sits in jail without a trial or as JW is hunted and imprisoned for "evasion" if he tries to run from the intentionally mis-publicized false charges. (2018-2022)

199. [218] [219] [220]

200. As the names of the billion dollar federal subsidies that are targeted reveal, the most sinister layers of imposters collectively and individually proliferate

[218] TOWNLIFT.COM - Instead of being dropped, the intentionally mis-publicized "serious charges" are changed to "non-serious charges" in exchange for JW agreeing to serve 8 months in jail for the "non-serious charges." With his reputation destroyed and career lost, JW does the time, then goes into hiding. Instead of the "paid" media publishing a report about how the "Silver Bullet" is mis-used to eliminate a person with "false accusations" in these ways, what also wasn't published was that if the original "serious charges" were not falsified, they never would have been "changed" from "serious charges" to "non-serious charges" and the case would have been over within months with the alleged proof for the "serious charges" presented and JW sentenced to "life in prison."

[219] ANYPOST.COM -Another atrocious, "public," "extreme" example of false accusations of "The Silver Bullet" eliminating a person is Dodger's baseball pitcher Trevor Bauer losing an $80 million dollar contract with the Dodgers based on false "charges" that were proven "false"—two years after it was too late.

[220] INT.NYT.com- A female TV personality well-versed in Sinister Psychology and haybay schemes targeted for their money businessmen in New York. This is a common scheme known as "Reverse Prostitution" engaged in by untold millions of broken females around the globe and especially in the U.S. In this case, after an encounter with one businessman in the usual place (a department store) she then demanded payment from him. The man refused to pay her what she wanted because he knew the demands would never end. As the years went by, she then publicly claimed that the man raped her in the department store in under 180 seconds and then they both walked away, sober and calm in front of other people and out of the department store. This link is an example of how the "haybaying" story would look in a deceptive "court case" as part of "lawfare" proliferated by the broken woman and others including imposter "attorneys" and deceptive bureaucrats also mis-using haybay against the businessman to extort financial demands out of the man. This targeting of non-broken "men" by a broken female twisted into a false accusation by using the word "rape" minimizes and marginalizes the challenges faced by female victims of attacks committed by broken men where the female victim is beaten beyond recognition and left for dead but the attack is also described with the word "rape."

their nation-destroying atrocities through unmonitored “roles” and channels by cunningly mis-creating “offices” and “departments” that serve "children's needs” with legions of “corrupt,” “misguided,” unqualified and multiplicitous titles such as “Guardian Ad Litem” and “Private Guardian Ad Litem” (who monstrously hide behind their own multi-layered mis-illusions year-after-year in exchange for “payment,” intentionally letting untold thousands of targeted American children fatally suffer;) “Mental Health Court Judge” (not having completed any “*mental health training*” for others or themselves) or “Mental Health Court Police Officer” (also not having completed any “*mental health training*” for others or themselves) all as a way for the most sinister layers of imposters to “double down” or “triple down” in targeting American children and parents in exchange for certain parts of each subsidy.

201. This is also prevalent in Utah with a deceptive “Private Guardian Ad Litem Office” with more than a dozen deceptive “Private Guardian Ad Litem Attorneys” who are all members of that most sinister Utah mis-chapter of the AFCC all being deceptively hidden within the deceptive “Guardian Ad Litem Office” at the Matheson Courthouse.

202. Each of the dozens of mal-reciprocating, multiplicitous “Titles” mutated into another free falling leviathan in the bottomless abyss of domestic terrorism,

organized crime and parasitic corruption that "The American Mis-Judiciary" has collectively mis-created, sunk into and become the nation-destroying "cover" for. Enabled to short-sightedly sink it's vile fangs to extract hours; weeks; months; and years as well as thousands of dollars; tens of thousands of dollars; hundreds of thousands of dollars; millions of dollars; and billions of dollars from it's collective and individual targets for as long as it is able to breathe its own bile filled breath. Those targets no longer free to fearlessly build the different layers of friendships, families, farms, factories and fun places that together made America great prior to being targeted for exploitation, blaming and destruction by the imposters. .

203. The "visible" and "invisible" tools of the terrors are many. In addition to "The Silver Bullet," this includes that in Utah and dozens of the most corrupt states, among the most atrociously crossed wires, sinister cells and never-ending mazes of that most sinister "AFCC" there is even—"an app for that" as alleged.

204. This is that the rotating cast of imposter "commissioners," "attorneys," "Guardian Ad Litem Attorneys" and "psychologists" who are all mis-members of mis-chapters of the "AFCC" in Utah and dozens of the most corrupt states and for longer than just the past "10 years" have been collectively mis-using local "courthouses," "police departments" and "jails"

to force almost one million parents to use and pay hundreds of dollars a year for an inferior "app" the "AFCC" has controlled since 2001.

205. This however is really just a way for the "AFCC" to steal hundreds of millions of dollars more in a deceptive global "IPO" targeting "Wall Street" as alleged.

206. As this cell of 6,000+ imposters on the Sinister Spectrum deceptively mis-engineered momentum for this "app" in more and more states including Utah over the past 10 years, it was in 2020 that Wall Street firm known as "Spectrum Equity" with offices in San Francisco, California; Boston, Massachusetts and the United Kingdom paid untold millions of dollars to the "AFCC" to place a select few individuals from Spectrum Equities current rotating class of staff to be on the current class of the "Board of Directors" of that "app" mis-potentially worth $1 billion+ with Spectrum Equity's global involvement and "more than a million users already paying over $20 a month for it (and growing with every imposter "judge," "commissioner" and "magistrate" in Utah, the U.S., the U.K, Australia and beyond who forges a court order forcing another parent to pay for it.

207. Billion dollar "Spectrum Equity" is far on the "Spectrum of Sinister" because as part of a "non-Spectrum of Sinister" vetting process, they would have instantly discovered the beginning layers of these atrocities; and reported it

to the SEC, to the Queen of England, to the Prime Minister of Australia (and beyond) where the "app" is being proliferated by imposters through local "courthouses;" but did not.

208. Instead, the rotten rows of Spectrum Equity's merry band of spectrummed, suitless, mother's milk-white soled shoe wearing, birthday-suit-bumping-finance-bros "angry running" through picked-over, ran-through gardens formerly full of the bubble of 2008's mis-used hose, chose to keep these global atrocities targeting children and parents hidden; to go along with the atrocities and to commissively and omissively exploit the atrocities for their own gain with the deceptive "app."

209. The crossed wires, sinister cells and endless mazes of this basement-level of page-turning, self-serving, hose-wrangling enabling the "AFCC" in more atrocious ways at all levels without any regard to the well-being of the U.S.A., the U.K., Australia and beyond without any regard to life.

210. As previously shared, "whistleblowing" reports about this to the SEC filed by Plaintiff in December of 2024 and January of 2025 are still marked as "pending." Reports sent in January 2025 to the previous administration's "non-traditional terrorism" staff at the Pentagon are also "still pending."

211. [221] [222]

212. But then, without targeted parents knowing, some of the sinister cells mis-use the deceptive "app" to secretly use mobile phones to track the local patterns and innocent day-to-day where-a-bouts as part of the atrocities and different stages of predicting where a targeted parent will be to set up an "orchestrated execution" and other deceptive atrocities.

213. The other parent not-targeted-for-elimination-first, being "fear mongered" and threatened if they don't go along with the "swatting" and the other atrocities, not knowing that doing so only makes it easier for the imposters to deceptively eliminate them second, then take the children into the nation exploiting, nation blaming, nation-destroying, "child trafficking" atrocities.

214. The alarm "OPEN YOUR EYES! ITS THE CHILDREN THEY WANT!" Being sounded but silenced on "social media" and its absence becoming more and more sobering with every searing second.

215. A nation-destroying bi-product of this sinister version of "there's an app for that" is as these sensitivities are abused and "mal-conditioned" to be

[221] DOCHUB.COM -Plaintiff Jarman's December 13, 2024 "Report #1," sent to the United States Securities and Exchange Commission.

"numbed," "Amber Alerts" in state-after-state continue to lose the numbers of their intended looks.

216. Another bi-product is the effect this has on birthdays, holiday celebrations and other important planned events such as vacations because these occasions are insidiously targeted by the "private associations" for scheming swatters mis-relying on poisoned minds to do their fatal dirty-deeds-done-dirt-cheap on those occasions and without any regard to lives of the other children or adults there either. Sometimes the imposters themselves even calling fake reports in "anonymously" for those fake reports to be mis-used as an excuse for what is really an orchestrated, "exigent execution" or ritual killing. This has prompted many targeted people to put friendly notices on their door with a phone number stating "There is no exigent circumstance here. Please call instead and we will open a window to talk."

217. the “app.”) There is likely to be more than 6,000 members though. 230.3. Reports continue to verify verified that in every state “The AFCC” expands into, the nation-destroying atrocities of “child trafficking,” “suicides,” “murder suicides,” “children vs. children” violence at schools, “bankruptcy,” “homelessness,” “high-conflict divorce” and other terrors grow exponentially while “AFCC members” get richer and richer. While the “FBI” publishes that statistic of “199,000” American children in the fatal stages of “child sex trafficking” every year, the thousands of people getting paid as “staff” of the “FBI,” “CIA,” “Homeland Security,” “U.S. Marshals,” etc. have yet to respond to reports of “The Sinister Spectrum” and that the psychological beginnings of these seven layers of atrocities are hidden in hundreds of local “courthouses” controlled by “The AFCC.”

231. § Untold thousands of imposters over the past 40 years exposed in mis-stirring their fatal “fools paradise” of “ruin,” “doom” and “death” punch served out of their cardboard courthouses in more than 47 sinister ways with or without “#47” knowing.

232. This includes:

232.1. By being on the “Sinister Spectrum” and being “at war” with others on that spectrum.

232.2. By disturbing the natural order of things in bloodlusting ways.

232.3. By being loyal to their own underworlds and not questioning what those before them and around them were doing.

232.4. By calling “good”—“evil,” and calling “evil”—“good.”

232.5. By making an “oath” to the U.S. Constitution and breaking that oath for personal gain.

232.6. By mis-using Sinister Psychology to make Americans blame the American flag and blame the good parts of our “federal government” instead of allowing Americans to discover that it is the most sinister layers in Utah and dozens of the most corrupt “states” that are to blame, not our “country;” and by being indifferent to the suffering those fatal mis-illusions cause.

232.7. By cutting off American children from a dedicated birth parent and doing it without even a “goodbye” (and even for American children challenged with special needs or suffering from disease.)

232.8. By mis-using trigger words like “divorce,” “custody” and “child support and making Americans blame the good parts of the “Federal Government.”

232.9. By committing or allowing all manner of forgeries to happen through local “courthouses” and without one or both parents knowing. (Including: adoption papers, custody orders, divorce settlements,

protective orders, arrest warrants, affidavits of probable cause, victim's impact statements, forensic psychological evaluations, forensic accounting reports, conservatorships, credentials, etc.)

232.10. By deceiving once noble American buildings (including "elementaries," "junior highs," "high schools," "universities," local "courthouses," "police departments," "jails," "TV studios" and all manner of other local "offices") and mis-using far reaching parts of them to destroy the nation.

232.11. By breaking implied contracts with generation after generation of American students and allowing others at all levels to cheat with masquerades (including "no law school required" to be an "attorney" or a "judge.")

232.12. By deceptively mis-credentialing mis-matriculated "psychologists" and mis-weaponizing them to fatally dim the bright minds of American children and parents.

232.13. By being "private associations" and "private corporations" and avoiding "required disclosures" for "clients" rather than being "transparent state offices."

232.14. By mis-using "lawfare" to mutate local "judiciaries" into hidden-at-home nation-destroying "weapons of mass destruction."

232.15. By mis-creating millions of nation-destroying "court cases" between parents of American children that only end in ruin, doom or death and then blaming "the parents."

232.16. By mis-dismissing fearless "complaints," "reports" and "lawsuits" filed by victims against them and fast-tracking mis-created lawsuits by them against others.

232.17. By mis-selectively not following their own superficial "creeds," "oaths," "mantras," "codes of professional conduct," "rules of civil procedure" or "rules of criminal procedure" hundreds of times in each mis-created case to mis-selectively mis-prosecute the targeted parent and eliminate the targeted parent first.

232.18. By secretly mis-routing mounds of mis-created "cases" to certain sinister "judges" in certain local "courthouses" and letting those sinister "judges" as well as the mis-attorneys, mis-guardian ad litems and mis-police-officers "play dumb" in regards to the nation-destroying atrocities they commit.

232.19. By mis-allowing "Homicidal HOA's," "Killer Collection Agencies" and "Jackpot Jails" to be owned by "judges," "mayors" and others and mis-using liens on homes and mis-using other mis-garnishments to steal homes and steal fortunes in false fees.

232.22. By demanding “no guarantees” other than ruin, doom and death in exchange for those $30,000 payments while also demanding that “The American Mis-Judiciary” is “noble.”

232.23. By mis-posting “NO RECORDING” signs at the entrances of local “courthouses” and punishing people for asking about them.

232.24. By crossing every “professional” line imaginable with and without never-ending chains of tag-teaming and even sexually exploiting their vulnerable targets mis-disguised as their “clients” with the invisible

chains of targeting vulnerable American mothers and fathers through paid, mis-guided, demographically mis-selective "social media ads" to mis-choose who to "eff 2 death." Metaphorically and literally; also with or without—"tag-teaming." ("SELECTIVE RECORDING ALLOWED.")

232.25. 232.26. By mis-creating backwoods, bloodlusting dialects of "concerning" "legalese" mis-costumed as "Ivy League Law" and prompting once promising "Ivy League" people to pick up "pew-pews" that send them to prison instead of picking up pens that send them to the promised land. [248]

232.27. By mis-creating superficial roles like “commissioners,” “private guardian ad litem attorneys” and “mental health courts” then mis-behaving in counter intuitive ways that enable long-suffering American children to fatally suffer in sinister ways.

232.28. By mis-manifesting mal-reciprocating, mis-incentivizing mis-judiciary mis-systems that exponentially mis-reward commissive and omissive mis-behaviors and “Churning the File” and “Doctoring The Docket” as part of mis-pursuing the ever metastasizing fortunes mis-gained from mis-causing American children and parents fatal mis-fortunes.

232.29. 232.30. By insidiously passing off “poison” as “medicine” to use the “inducement of suicide” as another “weapon of mass destruction” to destroy the U.S.A. and by transforming bastions of once bright American children into legions of broken bullies resulting in more suicides and more terrors. (An average of 106 suicides every year are

children ages 8-12. An average of 60,000 Americans including thousands of teen children and 6,000 fearless federal freedom fighters turned veterans are allowed to commit suicide every year.) [249] [250] [251]

232.31. By hi-jacking all political parties in the U.S.A. and mutating them into funny-money-mis-fueled-bloodlusting-bureaucrats.

232.32. By mis-using mis-selective "appointments-of-positions" in place of "transparent elections" and secretly demonizing democracy to damn others with death.

232.34. By tying up Mr. and Mrs. Wall Street and raping John Q. Public right in front of them.

232.35. By mis-allocating the red-white-and-blue "agents" of the "FBI," "CIA," "Homeland Security" and "U.S. Marshals" to chase backyard-built UFO's and instead corralling and gatekeeping them as

"staffers" from rescuing and protecting American children and parents 24-7-365.

232.36. By mis-allowing imposter layers of the "FBI" to mal-reciprocate reports simultaneously indicating that there are 175,000 "trafficked American children" from "foster homes" every year and the other layers of the "FBI" not publicly acknowledging that the beginnings of those layers are on the Sinister Spectrum hidden in hundreds of local "courthouses" across the U.S.A. and are really seven layers of fatal atrocities for what is really millions of "mis-monetized" and "forcibly displaced" American children. [252]

232.37. By mis-using "The Silver Bullet" to cause "death-on-demand" and orchestrating real "executions" mis-disguised as "arrests" when that "death-on-demand" doesn't happen quickly enough.

232.38. By "Projecting," "Fear Mongering," "Guilt Mongering," "Shame Mongering," "Gatekeeping," "Gaslighting," "Gangstalking," "Scoreboarding," "Scapegoating," "Victim Shaming," "Gag Orders," "Swatting" and "Sinister Snowflaking" to the death and because it is

the children they really want and then mis-using tricks to threaten the other parent to go along with it.

232.38.1. (An example of "projecting" is the "panderverse" otherwise known as "cancel culture." Broken people are addicted to mis-creating reasons to fatally "cancel" others because part of them has been "cancelled" (trivialized, alienated and invalidated) and they don't know it. [253] [254]

232.38.2. (An example of "Sinister Snowflaking" is when it is done in those fatally atrocious, "Darkly Altruistic" layers by "one" or "with others" to "one" or "many" as part of the mis-cycle of "—HIDING/HIJACKING—" as part of the "Sinister Spectrum" and without "Awareness, Intervention and Advocacy" being introduced.)

232.39. By forcing targeted American parents to have to lurch in the smoke filled mazes of "ruin," "doom" and "death" and not be able to simply go to a safe building that is proudly flying the proud American flag and say: "H-E-L-P U-S P-L-E-A-S-E;"

By not letting generations of Americans remember our purple mountains majesties; our amber waves of grain; homes built by sewing bison-hide; sailing sea-salted creaking-boards; forming all colors of clay; scooping mountain-dirt or digging desert sand; other American homes proudly manifested from the mis-used regalia of a mis-guided whip; all hosting gardens nesting generation upon generation of heritage.

232.41. By making us forget that red-white-and-blue war won by blood pumping bigger-than-big hearts powering all shades of skin under bright blue coats sewn with the bright strings of a Betsy who lived and died in Philadelphia decades before; that war still being won today;

232.42. By enslaving Americans of all ages and races to live in a betraying fable where invisible monsters in all manner of mis-costumes are enabled to reach through their bedroom window in the middle of the night and eat whoever they want.

232.43. By attempting to fracture the foundations of the fun parts of the U.S.A. and lay to waste the songs, stories, steeples, stadiums and star studded red carpets of the fearless creators that privately and publicly build, maintain and manage those fun parts in the ongoing beauty of an invisible ebb and flow that makes those fun parts a collective,

fierce, unrelenting force for the greater good in local, national and globally relevant, mobilizing ways. [255] [256] [257] [258]

232.44. By being "foreign agents" invading our nation through local "courthouses."

232.45. By mis-using local "courthouses" to commit "Treacherous Treason," "Eavesdropping Espionage" and "Insidious Insurrection" and violating all manner of other predestined patriotic "federal laws" to do it.

232.46. By mis-using local "courthouses" to commit "Child Trafficking" through local "courthouses" and then mis-using local "courthouses" to pardon those caught committing "Child Trafficking."

232.47. By jailing the innocent and making parents type through tears with trembling fingers tips instead of tickling toes and tucking in little ones with wins and wiggles.

233. For those who may need some guidance in "why" the most sinister layers of imposters making up the layers of "The American Mis-Judiciary" and the deceptive "bad" parts ot the "federal government" would commit these 47 mal-reciprocating, anti-human, anti-American atrocities and others to exploit, blame and eliminate Americans as well as the good parts of the "federal government—"Dark Altruism" as part of haybay (or "mal-reciprocating anti-social altruism") —explains all of them. [259] [260] [261] [262][263]

233.1. Another example of "Dark Altruism" is a story where a character believed a voice that told him to murder a drunk man and the character did it. The reason was a counterintuitive, multi-phase attempt by the character to get the man to simply hand him over something that seemed to have become of differing great values to each man; when that didn't work to go back to try to trade for it only

to get robbed by the man and get chased off; then return to steal the item from the man in the middle of the night, finding him passed out drunk and chopping of his head with his nearby sword and taking the item.

233.2. Rather than beheading the drunk man, if the character was so convinced that he was so much more entitled to the other man's property that he insisted on robbing him, he could have tied him up. Or rather than taking the risks that come from either of those options, he could have sent a messenger to offer a gift of apology, get to know the man and find a way to work out a deal that was rewarding to both of them.

233.3. If you're confused about this violent, mis-allegorical story it may be because you're thinking of a character named "Abraham" who *didn't* end up killing a character named "Isaac" (or stealing from him) and that's because your unfamiliar with the story in another book about "Nephi" being told to behead "Laban" with Laban's own sword as Laban slept and Nephi did it as a way to get some brass plates that had different historical records and other etchings.

233.4. While some may say this story as it was written was meant to convey— “altruism”— “Dark Altruism” is a more comprehensive word for what the once-well-intending Nephi got himself into.

233.5. Other stories, and this mis-allegorical story, then being mis-interpreted by others in literal ways for their own once-well-intending, now misguided, fatality-inducing, “Darkly Altruistic” purposes as they are “bribed,” “blackmailed,” “betrayed,” “duped,” “mis-guided” or otherwise “tricked” into committing one atrocity after another to “move up the ranks” in those mis-altruistic sinister “cells,” “cabals,” “covens,” “cults,” “brotherhoods,” “sisterhoods,” and “factions” that making up the warring layers upon warring layer that is the nation-destroying, fatality-inducing “American Mis-Judiciary.” [264]

233.6. Another example of “Dark Altruism” is how “the mafia” collectively operated for so many years by offering “protection,” “enabling crime” and taking a “piece” but then it got out of hand as it expanded to “crooked cops” and “crooked politicians.”

233.7. “While crime pays, it’s corruption that will make you rich…and get you caught.”

[264] (“Ecclesiastical Layers of Mormonism”) - Search “Laban.”

233.8. That's also part of how the mafia's "rackets" mal-reciprocated into different layers of "ponzi schemes" and "mafia families" being "at war" with each other within those ponzi schemes and "mafia families" just like the layers of imposters in local "judiciaries" are at war with each other, even though many of them are also related by rancid blood or superficial marriage or mis-connected in other ways through counterintuitive histories of "mis-matritriculations" and "mis-pathways."

233.9. In 2025 however, rather than taking "a piece," we are learning that the most sinister layers of imposters at certain "state" and "federal" levels were letting certain other imposters steal "millions" so they could steal "billions." The kind of "global economy melting" thefts that could only be further sussed out and corrected by unprecedented levels of U.S. centric tariff's that Defendant is the only U.S. President to have a desk big enough to do, to manage and to adjust or remove as appropriate not just to get the red-white-and-blue train back on track but for the entire globe (even if the red-white-and-blue paperboy hasn't made it to the parts of the neighborhood where The Redfords, The Turners, The Winfreys, The Lettermans, The Leno's, The

Leibowitz's, the Chappelles, the Morgans, The Murphys, The Mathers, The Spears, The Pitts, The Kilmers and The Wests live yet.

233.10. For those wondering, as it may or may not apply to Defendant, how so many thousands of "once-well-intending" people could be tricked into being imposters in so many different sinister cells of pens, gavels, badges, sidearms, rifles, locks and keys— another collective or individual explanation proliferated with "Dark Altruism" is by interviewing "100 applicants;" hiring "the bottom 10" applicants; mis-telling those now hired "bottom 10 applicants" that they were "the top 10 applicants" out of "1,000 applicants;" and then mis-telling them that because they are so far above everyone else, all they need to do is—not do anything—especially not ask any questions about what they are mis-taught to do no matter how much it violates that "oath" to the Constitution they took. (Another example of how "DEI" really was the imposter's counterintuitive mask to hide so many thousands of millions of dollars being stolen and using untold millions of targeted American children, parents and other citizens to fuel the firestorm of "Virtue Signaling" and "Sinister Snowflaking" with pens, gavels, badges, guns, locks, keys (and in the case of Southern

California the lack of water *for those* fires) and all of it as part of mass-fatality-inducing, nation-destroying, haybay schemes.)

233.11. With this it is very easy to manipulate a mass of once-well-intending people into mal-reciprocating atrocities then them stopping at nothing to keep their parts in those atrocities hidden.

233.11.1. (This includes "misguiding" them into committing executions mis-disguised as arrests for a variety of "Dark Altruism" reasons, then when those execution attempts fail, tricking them into committing kidnapping/abduction (forcible false arrests) in violation of their "oath" and against the U.S. Constitution then tricking them into retroactively "forging court documents" to cover their tracks and make the "arrest" look legitimate—like Plaintiff experienced twice in one week of March 2024 as a targeted victim-turned-survivor-turned-"whistleblower"-turned-"once-going-viral-political-candidate-for-Guvvywuvvy-of-Utah.")

233.11.2. This "at-war-with-each-other" scheme to turn once well-intending people into sinister-blinky-bots instead of "good cops," is another sinister reminder why the infamous "Stanford Prison Experiment" of 1971 was forced to shut down after just

six days rather than being allowed to deteriorate, mal-reciprocate and metastisize into nation-destroying domestic terrorism, organized crime, and parasitic corruption collectively mis-costumed as "patriotic virtue signaling" for more than 40 years like what "The American Mis-Judiciary" from "once-shining-sea-to-once-shining-sea" has become. It's another crime against humanity that ten years earlier imposter layers of Harvard didn't have the same "course correction," sense of collective "self-worth" or "Awareness, Intervention and Advocacy" that those layers of Stanford did with what happened in those imposter parts of Harvard and what they were allowed to turn into.

This was before the sinister psychological schemes of haybay were also used to slay tens of thousands of children at home in Palestine as part of "Imposter Jews" mis-believing they are destined to control the world through violence after what they believe will be the complete annihilation of the U.S.A. through the hidden layers of judicial terrors inflicted upon millions of American parents and children by thousands of other imposters. In Gaza, the mis-cycle of "—Provoke A Response/Allow The Response—" being catalyzed that October morning by imposters allowing an unforgivably "radicalized-to-violence" few using nylon parachutes—and that well-known "Rocket Proof" billion dollar "Israeli Iron Dome"—being allowed by "someone" in Israel to not even be "*nylon parachute proof*" that morning. "Not Nylon Parachute Proof" is clearly more than just "something" the salesperson of the selectively convenient "Iron Dome" accidentally left out. (July 2023)

252. As part of these most sinister patterns that have targeted Defendant and that Defendant may or may not be aware of; The presence of a self-destructive, ongoing, "paddle-balling" (or pull-push-pull-push-pull-push) cycle of abuse known in constructive, "trauma-informed" circles as, "The Trauma Bond" is another "extro" indicator of the other fatality-inducing spirals of haybay. The extreme mis-behaviors, self-deceptions and tragedies that "The Trauma Bond" can be indicative of hiding cannot be underestimated. Even more deceptive, "The Trauma Bond" becomes an elusive "addiction" for the haybayer. If the haybayer isn't "trivializing," "invalidating" or "alienating" something or someone they lose their minds in "Darkly Altruistic" ways not that much different from a feigning crackhead with a hidden crack rock in their pocket. A "hidden" crack rock that in their condition, they mis-believe they "need" to keep "hidden." "Feigning" because their "addiction" makes them incapable of acknowledging "merit" no matter how "big" that crack rock is. As friends of Bill say, "the deceptions of *on*e being too many…and *one hundred* not being enough" or as another friend says: "locked in a box of their own stinky sox instead of having talks and talking walks."

252.1. (Defendant has made it publicly known that an older brother of Defendant took the hooks, barbs and dark strings of that consuming journey involving "alcohol" that so many friends of Bill lose

themselves on and that older brother urged Defendant to steer clear of those hooks, barbs and dark strings of that particular journey and that because of that older brother's example Defendant is and always has been a "non-drinker.")

253. "The Trauma Bond" from fatally haybaying "judiciaries," "organizations," "people" or "a person" self-destructively mistreating a target like they are an indestructible, infinite, hidden "crack rock" to be controlled, mis-used and abused; or treating them like they are a destructible, infinitely empty, hidden "pocket" without a crack rock in it—countless targets-turned-victims-turned-survivors from "sea-to-shining-sea" are beginning to understand this.

253.1. An unpredictable mis-behavior known as "Love Bombing" is another predictable indication of "The Trauma Bond." Because of its compulsive, impulsive, unpredictability it brings to victims and because of the terrors, tragedy and forthcoming attacks it represents it can be why a victim defers from "gifting" for any occasion. This is due to an understandable, debilitating anxiety that comes from this deceptive form of "mis-gifting." "Love Bombing" hijacks what "gifting" really can be when "gifting," in word, deed or surprise,

small or huge, is organically enabled from moment-to-moment to happen organically.

253.2. As it plays a role in different familial, non-familial or business relationships the loss of "Transactive Memory" also being weaponized as part of "The Trauma Bond" as well as being weaponized and exploited by the most sinister layers of nation-destroying, fatality-inducing imposters. [279] [280]

254. As alleged, patterns indicate that "haybay" is proliferated by imposters who for many different "tangible" and "intangible" reasons (some of those reasons being out of their control) chose to use their own pain as "reason" or "mis-justification" to hurt others rather than pursuing "healing" like countless others do. Once the barbs, hooks and dark strings of those "justifications" start, they can spawn exponentially without "Awareness, Intervention and Advocacy."

255. § 16 "tangibles" that may contribute to "some reasons" not-being completely in their control are:

255.1. Confirmed bi-products of aluminum manufacturing deceptively placed in the majority of the U.S.A.'s. water supply (fluoride);

[279] WIKIPEDIA.ORG: "Transactive Memory"

255.2. Confirmed poisons including “Stratospheric Aerosol Injection” (aka “Solar Geo-Engineering”) and “Cloud Seeding” with impure photosensitive silver iodide in the air;

255.3. An endless conveyor belt of false aphrodisiacs in the form of brain ravaging industrial paints cleverly mis-disguised as a glowing rainbow of food dyes that not even the fastest leprechaun can keep up with;

255.4. Refrigerator sized syringes of bovine growth hormones blasted into every baby’s belly with every bottle of milk;

255.5. Nerve agents known in space labs as “mercury” somehow ending up in seafood and freely floated around elementary classrooms by less-than-timid-but-less-than-informed teachers;

255.6. GMO'D-nearly every growing thing including every-day garden seeds planted at home, leading to a polarizing confusion regarding the lost awareness of “lectins,” “lectin sensitivities,” “lectin trading” and the intro, outro and extro spectrum of brain fog, dark brain fog and fatigue that can deceive a person in tragic ways depending on different seasons that result in “lectin overdosing;”

255.7. Commercial yeasts in beer and bread that breeds basketball sized “yeast beasts” in guts shredded in the wrong ways when combined

with the invisible micro-razorblades of gut-wrenching lectin ignorance.

255.8. An absence of the knowledge of "acidity" in common "self-medicants" like coffee (or what should be "coffee") and how a regional, local or familial culture leaning towards constant "acidity" in the body rather than more "alkalinity" plays a role in "hereditary" disease, inflammation and emotional health challenges;

255.9. A misguided paranoia of "good salts" because of the paranormal abundance of ghost white "table salt;"

255.10. "Supplements" and "shots" with seriously de-supplementing amounts of secret, seizure-inducing "Vitamin B" derivatives. Flooding unsuspecting supplementees in grocery store lines and gaggling labs with 30,000% more lightheadedness and the anxiety that understandably comes from it (if they aren't in the hospital suffering from Vitamin-B induced seizures;)

255.11. Conveyor belts of "testosterone" injected in all the wrong-places of emasculated, trivialized, alienated and invalidated males as well as trivialized, alienated and invalidated females who mis-believe that conveyor belts of testosterone will validate them.

255.12. Echo chambers of cultural, up-down-left-right-in-and-out finger poking and pinching without a sounding board for “good fats,” “bad fats” and where the most un-cyamtic pounds of “cholesterol” and “bad fats” actually do come from;

255.13. School children being mis-conditioned to “bite-swallow-bite-swallow-bite-swllow” in 12 minute mass-ingestion-moments mis-disguised as “lunch periods” demanded by the former “U.S. Department of Education” rather than children and their bodies being allowed to enjoy “nutrition” by actually “chewing” it and chewing-the-fat with their schoolmates. (Another “virtue signaling” nightmare proliferated upon innocent school children by broken people mis-disguised as “grown ups.”)

255.14. Regardless of “what,” “where,” “when,” “why,” “how” or “with” (or “without”) “who” playtime happens all the physiological sciences of the cardiovascular, goniometric, plyometric, muscular and adaptive abilities of a non-acidic, cymatic, well-communicating human body going socially obliterated from one closed-loop targeted scroll fest to the next;

255.15. Microplastics in almost everything else edible and drinkable;

255.16. Bizarre compounds of chemicals in fabrics and even in sleepy-time bedding for endless hours of full-frontal and rear exposure to those chemicals;

255.17. By deceptive layers of the countries they come from, the growing truth of "glass" dinner plates and other modern ceramics being intentionally weaponized against the US population with brain and body destroying "hidden surface lead" that leaches directly from plates and mugs into the food and drinks found at "sit down dinners," "24/7 offices" and morning porches across the USA. [281]

256. All 16 of these topics are just "a few" surreal but tangible examples of how different "physiological sensitivities" of different bodies may be manifested in "tangible" ways—"intro, outro and extro"—with far from "intangible," "nation building" results.

257. (Those leprechauns be damned (sober or not-so-sober) but always "welcome"—whether they be "Gender Static" or "Gender Dynamic"—and especially if they collectively bring any stolen rainbows back to school for everyone else to play with. [282]

258. For others, the hooks, barbs and dark strings of haybay manifest as misguided, temporary, or ongoing maladaptive attempts to pursue a false

sense of validation ("mis-validation") ranging from self-deceiving stages of "conveniently sustainable" to "inconveniently unsustainable" and everything else in between.

259. These many not-so-friendly "tangibles" and "intangibles" over so many generations play a role in why, without friendly "Awareness, Intervention and Advocacy" *some* of the reasons millions of mis-guided souls have become "imposters" in local "courthouse" may be "out of their control."

260. That however does not exonerate the literal, metaphorical or rhetorical "blood spattered walls" in the deepest layers of the deepest dungeons of that "dark mis-tribe" of "Domestic Terrorists" and "Organized Criminals" of those 6,000+ AFCC imposters that have insidiously engaged in or allowed the most atrocious, fatal terrors of any of the stages of "child trafficking" through local "courthouses."

261. Instead of mis-using their pain as an excuse or mis-justification to hurt others, instead of the "hiding, hauling and heaping" that leads to and becoming part of a "Mis-tribe of Imposters," others pursue "H-E-A-L-I-N-G" by finding ways to "F-R-O-L-I-C" and laugh in the face of these mire wallowed and bile filled, self-regurgitating imposters and their commissive and omissive acts.

262. This “frolicking” rather than falling into the pitfalls of those other “F-WORDS;” the primitive, thunder-stealing, wind-sucking, mis-reactions: of; “fight,” “flee,” “freeze” or “fester.” The pains and perils of a paraphrase: “That which we allow to anger ourselves we also give the power to be our master” never-being-fathomed then never-being never-far-away.

263. The better-than-bright-light growing brighter-and-brighter over the years as some of the atrocities of haybay have been fearlessly identified by life-long victims as well as “cross-pollinating researchers” and collectively relayed in other publicly pioneering ways under new names. Whether “sold,” “free,” “taught” or “shared,” this too is part of brighter minds collectively “being in the business” of “winning the war” against the sinister psychology that is haybay.

264. In addition to other printed publications and documentaries sold, this includes the fearless work of presenters and others including pioneering reports submitted and lengthy cases filed against imposters in every state, all willingly made available “at no cost” (“irregardless” of their “imperfections”) by their fearless proprietors sometimes penning them over weeks, months and years in desperate, deteriorating conditions.

265. Some somehow uttering the most simple and rewarding of “paraphrases” in the middle of those most unnecessarily empty nightmares and instead of

"trademarking" them, shouting them at the top of their lungs for others to hear all in exchange for "intended participation" and the life-giving, reciprocating "Awareness, Intervention and Advocacy" that benefits all of us.

266. Some examples going back decades through today include:

267. "Attachment Theory" and "Attachment Styles" pioneered by John Bowlby of the U.K. and expanded by Canadian-American Mary Ainsworth, both psychoanalysts.

268. "The Five Stages of Grief" pulled from the ashes of countless pains and perils and published in 1969 by the refining Swiss-American furnace and psychiatrist known as Elisabeth Kubler-Ross;

269. "The Five Love Languages" published by Gary Chapman in 1992;

270. "D.A.R.V.O." (Deny, Attack, Reverse Role of Victim and Offendor) puzzle pieced together and published in 1997 by psychologist Dr. Jennifer Joy Freyd as part of redefining what was once short-sightedly written off as "Betrayal Trauma Theory;"

271. Years of real-world-research culminating in a 2014 Ted Talk about "Adverse Childhood Experiences" (ACES) with the, "it's never to late to have a happy childhood (collectively and individually)" pick-you-up-and-hug-you-title: "How Childhood Trauma Affects Health Across a Lifetime" by "truth-to-power-PhD" Dr. Nadine Burke-Harris;

272. “The abuse that abuse produced” relayed by Oprah Winfrey;

273. “It’s the people who are hurting who are hurting others,” (Sic.) relayed in it’s most simply but hard-to-translate correctly in print as “hurt-people, hurt people” by Kanye West;

274. “If I can change…then you can change…we all can change!” mumbled in that unmistakable, meticulously measured Italian mumble by THEE “Rocky Balboa” after resurrectingly surviving the fatal-human-cross that became a penitent “Ivan Drago” upon both of them realizing the reality of the strings of propaganda pulled by a few upon the millions. The flames of tragedies and empty challenges that came with that being showered and quenched for all by the rewards that came with super-naturally processing punch-after-punch to persist through those lies.

275. In addition to “frolicking,” other adventures in the “sandbox of self-rescue” that have been deceptively throttled or are still less known that are important to have in that collective and individual sandbox are:

276. “Re-framing” (Dividing challenges into smaller and smaller opportunities (i.e. different sections of the sand-box that can be approached at different angles), “Lifes a cinch by the inch, hard by the yard;”

277. Being “Process Oriented” rather than “Outcome Oriented;” sports

278. “Grounding Techniques,” (Name five things around you. How are they made? Where do they come from? What are they for? Describe them;)

279. “Gratitude Mining;”

280. “Becoming Comfortable With Chaos/Triaging Chaos;” “Don’t just move through it, “flow by fueling” your “intro, outro and extro” with dynamic and predictable pillars that produce positivity;”

281. Understanding that you can only have “anxiety” about what you think you know.

282. “Gray Rocking” (or “Agile Numbness);”

283. “Vocalizing Vulnerabilities (with exuberance);”

284. “Not taking things personally;”

285. Finding an “Accountability Partner” (even if it’s just an old clock set for fifteen minutes over and over again;)

286. “Leaning Into It;”

287. “Wobbling Well” (way better than being “resilient” or “having boundaries;”)

288. “Wiggling Well;” (because that is something we are all professionals at but forgot due to being tricked into a cauldron of “id,” “ego” and “super ego” instead.)

289. And…most importantly, remembering that you are really smart about taking time to take big, deep breaths.

290. Other “named” and “unnamed” ways fearlessly discovered in other pioneering ways include a street studded with sesame by names like Palmer, Anderson, Loch, Henson, Rizodo and Oz; woods of at least a hundred acres planted and cultivated by names like Milne and Shepard; and that special place in that special neighborhood with a name like Rodgers and the many friends we are always invited to meet, join, share and be a neighbor too.

291. Collectively, individually and with other fearless humans acting in supernatural ways, all also worthy of the most nobel of human prizes that hey have yet to receive for their better-than-bright, gleefully interactive, “first principle,” “X LEVEL” observations.

[287] TED.COM: "Wobbling Well: Stop Being Resiliant and Wobble," Mia Saini Duchnowski (2022; 41,000 plays as of 4/14/25.) While being "Process Oriented" rather than "Outcome Oriented" is a resurrecting form of "reframing" in "sports" and other overwhelming personal ("intro") challenges, "reframing" other types of "outro" or "extro" challenges that aren't "sports" by reversing this and being "Outcome Oriented" rather than being "Process Oriented" instead can bring other forms of resurrecting "reframing" (ie "Gray Rocking") as shared in the insightful, well-practiced TedTalk by Mia Saini Duchnowski at this link but not specifically referenced as "Gray Rocking." Another example of continued fearless cross-pollinating from one journey to the next in exchange for participation and the reciprocating "Awareness, Intervention and Advocacy" for all.

296. As collective "Awareness, Intervention and Advocacy" of haybay continues in these reciprocating ways, countless "misdiagnoses" mis-using shortsighted words or nicknames like "mental health crisis," "suicidal," "bi-polar," "obsessive compulsive," "ana," "mia," "borderline personality," "anxiety," "anger management," "schizophrenia," "addicted" etc. will be more clearly identified, managed and ultimately evaporated and replaced with better-than-bright-lights too after being recognized as the "understandable" but sometimes maladaptive automatic survival responses of a courageous, surviving *victim* being targeted for control and ultimately destruction with the invisible, ongoing atrocities of haybay and the many different, previously invisible "mis-cultures" the targeting may have come through whether those

mis-cultures be “familial,” “local,” “regional,” “global” or beyond (including just straight up, cauldron stirring, “witchcraft”—now evaporated.)

297. The reach of the word “radicalized” going beyond the dirt and sands of the “paid” or “bribed” media’s dusty propaganda and into dimmed places where “radicalization” was locally hidden because it was mis-perceived as a social “norm.”

298. This “shining the brighter light” more clearly identifies “murderous” mis-behaviors that have also been “misappropriated” in “conveniently sustainable” to “inconveniently unsustainable” mis-cycles with other mutated, contemporary shortsighted words, phrases or nicknames such as “oh, that’s just their way of doing things,” “psychopath,” “sociopath,” “narcissist,” etc. when those self-destructive mis-behaviors are all really just from the invisible effects of haybay on the masses.

299. Other reproachable, short-sighted, mass-manipulating “N-words” including “nazi,” being mis-appropriated, weaponized and verbally spewed onto the “well-intending” by trigger-unhappy mis-projections of “trivialized,” “alienated,” “invalidated” and haybayed victims-turned-haybayers.

300. In its most unacknowledged, visible stages, the “condition” of the deepest spirals of haybay sometimes being referred to in contemporary times as “Karen,” or as the “haybayer” being referred to as a cauldron stirring

"G-O-T-H-E-L-P-A-T-H;" (rather than being shortsightedly mislabeled as a "S-O-C-I-O-P-A-T-H," "P-S-Y-C-H-O-P-A-T-H," "N-A-R-C-I-S-S-I-S-T," "W-I-T-C-H," "W-I-C-C-A-N," "B-A-N-C-H-E-E," or 'O-U-R F-A-M-I-L-Y W-I-Z-A-R-D.)

301. The term "Gothelpath" generated from the gleefully observant but sobering "Brother's Grimm" iteration of the tale of "Rapunzel" who was kidnapped by a "Gothel." The tale being given different names over the the past 200 years.

302. That Gothel who became "addicted" to pulling on the *visible* strings of Rupunzel's hair to "control" Rapunzel and "gatekeep" Rapunzel in the Gothel's crumbling tower of lies.

303. That Gothel lost to a deceptive garden, who eventually and understandably fell in a long fall from that spiraling tower of lies and violently splattered in a mucky mess of its own on the rocks in a weedy, misforgotten garden below while chasing the "self-rescued," "self freed," "haybayed-victim-turned-Conqueror," THEE fearless "Rapunzel." [293]

[293] "The Garden" -By Michael McClean and Bryce Neubert is a counterintuitive metaphorical mid-90's audio musical that was railroaded into oblivion just as different theater companies were picking it up and selling out local shows in progressive parts of Utah night-after-night. This link is a sample of the chorus driven track "A snake lies in the grass." It presents more metaphors of its own that continue to be relevant in counterintuitive ways today.

304. That Gothel, who's "cry for help" went unheard. Who with "Awareness, Intervention and Advocacy" could have recognized the error of her ways; that those errors are not all "her fault;" that she was once an innocent child too; worked out some "tiered amnesty" instead of adding to that "tear jerking," spiraling, crumbling tower of lies; and then became a powerful advocate for "Awareness, Intervention and Advocacy" *at any stage* before that final fall. This "inconvenient but sustainable" solution instead of the "convenient but unsustainable solution" of "hiding, hauling and heaping" and eventually kidnapping the king's baby Rapunzel and stopping at nothing to keep the atrocity hidden.

305. That Rapunzel who not only healed from the barbs and hooks of haybay but who cut the dark strings of haybay without becoming a "Gothel" too.

306. That Rapunzel who fearlessly found the brighter light and better-than-bright ways to shine it for herself and for others, even as her hair grew so long that Gothel could pull on it in those comical but horrifically metaphorical worse and worse ways.

307. That Rapunzel answering her own "intro, outro and extro" questions by "vocalizing vulnerabilities with exuberance" and wondering out loud with the cymatics of full song and rhythms of the better-than-bright-light, "when will my life begin," creating new patterns as she does not "shun" and instead

fearlessly shines that better-than-bright-light from book-to-book read, painting-to-painting created and conversation with visiting-creature-to-visiting-creator beginning that life anew from moment-to-moment.

308. If Gothel's fall from that spiraling tower took 40 years to end in that splatter and Gothel had pens, gavels, badges, sidearms, rifles, locks and keys, this would be another metaphor for what imposters have turned "The American Mis-Judiciary" into. The metaphorical "tangled" knot of barbs, hooks and dark strings at the bottom of that spiraling whirlpool shines another light on the invisible realities of haybay and why some talented modern day story tellers chose the name "Tangled" for their version of that tale.

309. The cymatics of out-loud song and the ongoing rhythm of this better-than-bright-light also allowing fearless "True Jews," "True Muslims" and "True Christians" around the globe to swallow up those whirlpools and topple the spiraling dark towers of other Gothels who are "Imposter Jews" as alleged as well as "Imposter Muslims" and "Imposter Christians."

310. § The crystal-clear life-giving springs bubbling freely again from the gleeful stone forever suckled by the Tree of Life enabling children of all ages who play in it. Rich together in a golden future of smiles, giggles, ideas, learning, opportunity and laughter (and an occasional haircut like Rapunzel needed) as

part of overcoming new challenges together in new ways with plenty of room for big birds, snuffys, cookie monsters, oscars, poohs, piglets, tiggers, owls (and once trivialized, invalidated and alienated donkeys) to all have a ticket on that special steam-whistling train to that comfortable place in that special neighborhood where through comfortable participation we will gleefully discover more better-than-bright solutions together.

311. We are at critical mass. Absent Defendant's swift and decisive intervention, American children and parents will continue to suffer grave and irreparable harm.

312. The lives of American children and parents and the future of the nation hang in the balance.

313. Defendant, has a duty to protect American children, parents and other citizens from domestic terrorism, organized crime, and parasitic corruption proliferated through local "courthouses" where "our American flag" is being deceptively flown by imposters on the Sinister Spectrum to destroy the nation for their own gain.

314. Immediate action by Defendant as the President of the United States of America is the only means to halt this crisis.

315. Defendant must declare this the “national emergency” that it is. A national emergency that stretches through every local “courthouse” in every “city,” “town,” “county” and “state” and far beyond the borders of the U.SA.

316. To dismantle the crossed wires, sinister cells and never-ending mazes, Defendant must mobilize the good parts of the “federal government,” agencies and organizations and guide American children, parents and other citizens in breaking the silence.

317. Defendant must enforce comprehensive accountability with tiered forms of amnesty in exchange for “tiered forms of allowed cooperation” for some and with the most swift form of “federal death penalty” for others guilty of the most unforgivable acts. It is more constructive for many thousands of these most in-human, imposter souls to be constructively released from the barbs, hooks and dark strings that they have deceptively and self-destructively pursued and become entangled in. This includes commissively and omissively enabling the beginning stages of what fuels for their own gain six different layers of “fatal trafficking” of American children and parents. Swiftly enabling enlightenment from their maker for these darkened souls rather than postponing it with unpredictable remands to mortal institutions by sometimes short-sighted and sometimes self-serving mortals is more constructive for all souls.

318. Although Defendant has never been individually affiliated in a compensatory role in any “city,” “town,” “county” or “state” in any “hired,” “appointed,” “ordered,” “assigned,” “called,” “loosely credentialed,” “deceptively credentialed” or “not credentialed” in any “private association” (“*intrastate*” or “*interstate*”) of any layer of any “judiciary” in the U.S.A. and beyond, Defendant’s ongoing failure to protect American children and parents as President of the United States of America is in violation of the duty of the President of the United States of America, thereby enabling the continued nation-destroying “fatal endangerment” of American children and parents as well as other horrors of Sinister Psychology in the U.S.A. and beyond including the “inducement of suicide” as an invisible weapon being proliferated.

319. This commissive or omissive “inaction” exacerbates this crisis and constitutes—"FAILURE TO ACT” PER 18 U.S.C. § 242: “DEPRIVATION OF RIGHTS UNDER COLOR OF LAW” PURSUANT UNDER 42 U.S.C. § 1983: “CIVIL ACTION FOR DEPRIVATION OF RIGHTS.”

320. The patriotic chiasmus in conquering evil: “All give some, some give all” taking on more and more layers of better-than-bright meaning for Defendant, for the most sinister layers of local “judiciaries,” for survivors, and for those who are no longer with us.

321. Because of these patterns; Because of the new knowledge of haybay to identify these patterns; Because of other tools of "Awareness, Intervention and Advocacy;" This is also the greatest opportunity any American president has ever had as the truth goes marching on, forever ending domestic terrorism, organized crime and Parasitic Corruption in the U.S.A. and beyond.

322. This because: "There is nothing wrong with America that cannot be cured with what is right with America." [294]

323. This "chiasmus," calling untold numbers of young Americans in the 90's to serve in layer upon layer of secret and less-than-secret roles. Untold numbers only to be forgotten by other layers in other ways in spite of unprecedented efforts which it is still to-be-determined what Defendant may or may not be

aware of. Others left to the terrors of suicide and the far reaching effects of mis-self-medicating with drugs, alcohol, etc. [295] [296] [297] [298] [299] [300]

324. Humanity, together, now able to shine the better-than-bright-light that "Brothers Grimm" tried to warn us all about more than a hundred years ago with their iterations of "Rapunzel" and other stories in "Children and Household Tales;" we have finally figured out—"What the hell is in that well"—as shared by that "truth-to-power-PhD" Dr. Nadine Burke Harris in that Ted Talk about "ACES" and further exemplified in better-than-bright ways by the fearless work, observations, paraphrases, publications, songs and shows of so many others.
